

KYG15 - General Aviation Airports
Effective 9-1-14; Expires 8-31-19

This general permit covers discharges of stormwater associated with general aviation facilities located within the physical and political boundaries of the Commonwealth of Kentucky. General aviation is all civil aviation operations other than scheduled air services and nonscheduled air transport operations for remuneration or hire. Included within the general aviation category are public and private airports and heliports that do not provide scheduled or chartered passenger services. Scheduled or commercial air services are provided by the airlines and are not eligible for coverage under this general permit.
