## FEDERAL MANDATE ANALYSIS COMPARISON

Administrative Regulation: 401 KAR 51:250

Contact person: Chris Ewing

Phone: (502) 782-6604

E-mail: Christian.Ewing@ky.gov

1. Federal statute or regulation constituting the federal mandate.

The federal mandate for this administrative regulation is in 40 C.F.R. Part 97 Subpart EEEEE Cross-State Air Pollution Rule (CSAPR) Nitrogen Oxide (NO<sub>x</sub>) Ozone Season Group 2 Trading Program and Clean Air Act (CAA) Section 110. On September 7, 2016, the United States Environmental Protection Agency (US EPA) issued a Federal Implementation Plan (FIP) for the Cross-State Air Pollution Rule (CSAPR) Nitrogen Oxide (NO<sub>x</sub>) ozone season emission budgets for affected units. The Energy and Environment Cabinet (Cabinet) is promulgating this administrative regulation to address CAA Section 110, requirements for interstate transport.

2. State compliance standards.

This administrative regulation adopts the federal standards for the control of NO<sub>x</sub> emissions from electricity generating units subject to the provisions of the CSAPR NO<sub>x</sub> Ozone Season Trading Program.

3. Minimum or uniform standards contained in the federal mandate.

The federal mandate requires states to revise their State Implementation Plan (SIP) to reduce the emission of NO<sub>x</sub>. Each affected unit will have to hold allocations for the tons of emissions of NO<sub>x</sub> for each control period. The NO<sub>x</sub> Ozone Season trading budget is 21,115 tons. The new-unit set aside is 426 tons and the variability limit is 4,434 tons. This administrative regulation will reduce ozone season NO<sub>x</sub> emissions from 27,731 tons to 21,115 tons, a reduction of approximately 24 percent.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate?

No. This administrative regulation establishes the same requirements as the federal CSAPR NO<sub>x</sub> Ozone Season Trading Program and will impose no more stringent requirements than those required by the CSAPR FIP.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements.

Stricter standards or additional or different responsibilities or requirements are not imposed.
