| Description of photog | raphs (habitat, pla | nt diagnostic feature, etc.): | | | |
| | | | | | |
| Habitat Features | | | | | |
| Aspect | Slope | Canopy Cover | Topographic Posit | ion | Moisture |
| N NE | Flat | Open (0-25%) | Crest | | Inundated |
| E NW | 1-10% | Partial (26-50%) | Upper slope | | Saturated |
| S SE | 11-35% | Filtered (51-75%) | Mid-slope | | Moist |
| W SW | 36% + | Shade (75-100%) | Lower slope | | Dry |
| | | | Bottom | | Very Dry |
| Habitat Description (co | ommunity, substra | te, soils, elevation, etc.): | | | |
| | | | | | |
| | | | | | |
| Associated species: | | | | | |
| • | | | | | |
| | | | | | |
| | | | | | |
| Threats to population | (invasive species, e | vidence of disease, predat | ion, habitat alteratio | n, etc.): | |
| | | | | | |
| | | | | | |
| Additional comments: | | | | | |

Please submit this form and any associated photographs to NaturePreserves@ky.gov and use 'Rare Plant Survey Form Submission' as the subject line. *Asterisked items indicates required field.
