

**GOVERNOR'S CONFERENCE
ON ENERGY & THE
ENVIRONMENT**

AGENDA

OCT. 15-17, 2023

**Embassy Suites,
Lexington, Kentucky**

Sunday, October 15, 2023

12:00 pm - 1:00 pm

1:00 pm - 5:00 pm

Registration

Early Workshops

Environmental 101 - This introductory-level workshop will help those new to air permitting understand the basics of the Clean Air Act, learn how to apply for an Air Quality permit, become familiar with permit requirements, and discover tips to maintain proper records and fulfill reporting obligations. The workshop will be beneficial for environmental or facility managers, small business owners, consultants, educational institutions, health and safety professionals, or anyone who needs an overview of air quality permitting requirements.

Provided by KY DEP Environmental Assistance Program

Roots of Revival: Nurturing Community Involvement in Redevelopment - Community involvement plays a pivotal role in successful redevelopment projects. This session aims to explore the significance of community engagement and provide strategies that you can take home to help engage in meaningful dialogue and collaboration with your community throughout every stage of the redevelopment process. Learn how engaging local residents, businesses and organizations can contribute to the social, economic and environmental revitalization of blighted areas.

Provided by Shane Barton, Community Economic Development Initiative of Kentucky and the Kentucky Brownfield Program

Monday - October 16, 2023

7:30 am - 9:00 am

Registration; Exhibits open

9:00 am - 9:05 am

Welcome
Governor Andy Beshear

9:05 am - 9:20 am

Keynote Address
Rebecca Goodman, Secretary of the Energy & Environment Cabinet

9:20 am - 10:30 am

Community Conversations - Collaborative and productive work with resource-constrained communities is pivotal in helping them not just meet current needs but thrive in the future. Discover some of the innovative ways organizations are making things happen in communities across the state and region.

Guests:

Shane Barton, Downtown Revitalization Coordinator, Community & Economic Development Initiative of Ky (Moderator)

Cameron Correll, Executive Director, Winchester First
Vince Guenthner, Consultant, Louisville Water Company

10:30 am - 11:00 am

Break/Networking

11:00 am - 12:00 pm

Disaster Response & Community Planning - This panel will discuss both the 2021 tornado and 2022 flooding response. What was learned? What is happening as a result of these events?

Guests:

Sarah Gaddis, Environmental Scientist Consultant II, Ky Division of Water (Moderator)

Colonel Jeremy Slinker, Director, Ky Division of Emergency Management

James McCloud, Branch Manager, Ky Division of Environmental Protection, Emergency Response Branch

Joe Burns, Director of Programs and Operations, Ky Rural Water Assoc.

Kenya Stump, Executive Director, Ky Office of Energy Policy

12:00 pm - 1:00 pm

Lunch

Featured Speaker, Bill Meck, Chief Meteorologist, WLEX
Since before the turn of the century, Bill has been bringing Kentuckians their weather with an award-winning blend of humor, education, and accuracy. During that time, he's seen well over 100,000 Kentucky kids with his Bill's Weather 101 program. Bill will share his experiences being a professional weather analyst and create a "Weather 1,000,001" just for us.

**Monday, October 16, 2023
(continued)**

1:15 pm - 2:30 pm

Seeking Higher Ground - Following catastrophic storm events, many communities assess how they can better prepare for future events and protect their citizens from loss of life and property. This session will cover the High Ground Initiative and how nonprofits, local, state and federal partners are coming together to create storm resilient housing opportunities for those impacted by the July 2022 flooding.

Guests:

Rebecca Goodman, Secretary, Ky Energy & Environment Cabinet (Moderator)

John Lyons, Deputy Secretary, Ky Energy & Environment Cabinet

D.J. Wasson, Chief of Staff, Ky Public Protection Cabinet

Jamie Emmons, Chief of Staff, Ky Transportation Cabinet

Hank Spalding, H.A. Spalding Engineers, Inc

2:30 pm - 3:00 pm

Break/Networking

3:00 pm - 3:45 pm

PFAS Panel- PFAS is an evolving issue in Kentucky and across the country. This session will highlight how Kentucky has approached the PFAS challenge and what regulators see unfolding next in the EPA's PFAS roadmap.

Guests:

Tony Hatton, Commissioner, Ky Department for Environmental Protection (Moderator)

Melanie Arnold, Environmental Scientist Consultant I, Ky Division of Water

3:45 pm - 4:30 pm

Hydrogen Technologies - Hydrogen is fast becoming a major topic of conversation in the energy landscape. This session will cover new technologies and initiatives that are being explored or piloted here and across the country.

Guests:

Steven Thomas Barrera, Executive Staff Advisor, Ky Office of Energy Policy (Moderator)

Wes Cate, NGL Supply

Erich Evans, Director of Strategy & Risk Integration NiSource, Inc.

Tim Harris, Principal Engineer, Entrust Solutions Group

Tuesday - October 17, 2023
