

Building a New Economy, Together.

# Partnership with OEP: Energy Audits Program

The Mountain Association invests in people and places in Eastern Kentucky to advance a **just transition** to a new economy that is more diverse, sustainable, equitable and resilient.

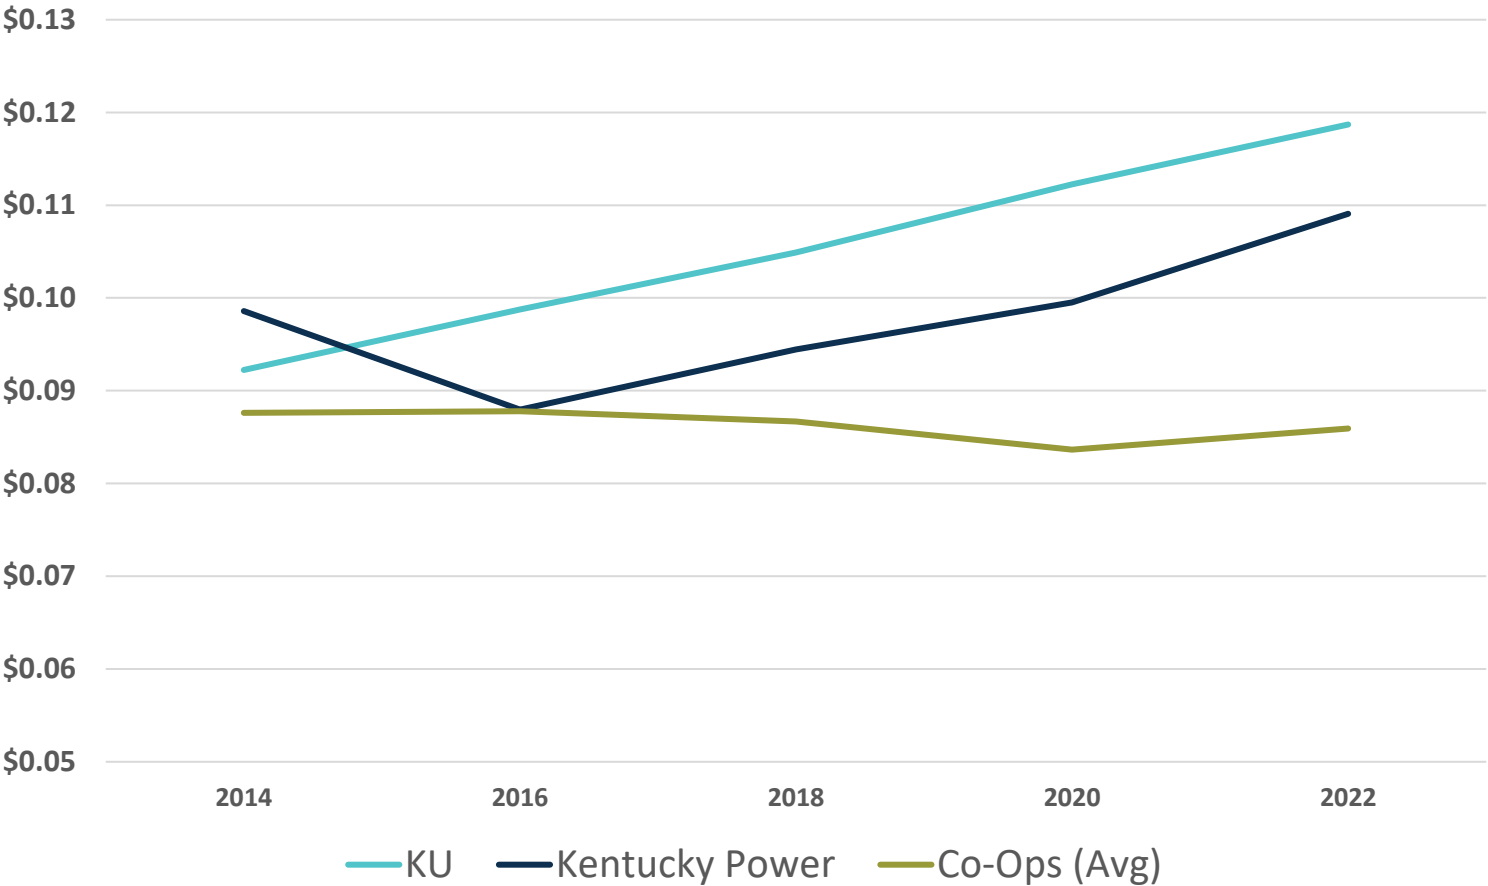

Energy bills in Eastern Kentucky are too high.

We help businesses, nonprofits and public agencies find much-needed energy savings. We do this through utility bill analysis, on-site energy efficiency and solar assessments, financing, and grant application support.

Building a new economy, together
