I. GLOSSARY/DEFINITIONS

“Agency”	Energy and Environment Cabinet (EEC)
“Contract”	Any document that awards financial assistance or payments with federal funds. Includes memorandum of agreements, contracts, awards of federal financial assistance, grants or any similar document.
“Department(s)”	Departments within the Energy and Environment Cabinet
“Executive Director”	Executive Director of the Office of Administrative Services or his/her designee
“EEO”	Equal Employment Opportunity
“Sub-Recipients”	Any entity extended federal financial assistance or payments by the Energy and Environment Cabinet
“Title VI”	Title VI of the Civil Rights Act of 1964

II. OVERVIEW

The Kentucky Energy and Environment Cabinet serves the public by enforcing laws relating to natural resources and the environment. It keeps citizens safe and healthy, while supporting a positive business climate.

The Energy and Environment Cabinet reaffirms its policy to afford all individuals the opportunity to participate in federal financially assisted programs and to benefit equally from those programs. In furtherance of this goal, the following statement is adopted:

No person shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity of the Energy and Environment Cabinet receiving federal financial assistance.

For purposes of this policy, all programs, activities, investigations, and the performance of any official duty of the Energy and Environment Cabinet subject to Title VI shall be administered and conducted in accordance with this mission statement. This policy shall be implemented through the procedures for regulating, monitoring, and enforcing the federal law as defined by this plan.

ENERGY AND ENVIRONMENT CABINET
Title VI Plan

III. SCOPE

3.1 Title VI of the Civil Rights Act of 1964, as codified at 42 U.S.C. 2000d, states that:

No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied benefits of, or be subject to discrimination under any program or activity receiving federal financial assistance.

KRS 344.015 requires state agencies to develop Title VI implementation plans by January 1, 1995 and submit annual compliance reports. These plans are to be submitted to the Auditor of Public Accounts. In addition, the statute also requires the submittal of the Title VI plans of any subrecipients of federal funds through the agency.

The Civil Rights Restoration Act of 1987 defined “program or activity” to include all operations for a department, agency, state, or local government that distributes assistance, and each department or agency to which assistance is extended. The act states that when any part of a state or local government, department or agency is extended federal financial assistance, the entire agency or department and all of its operations are covered by Title VI. See 42 USC 2000d-4a.

3.2 Prohibited practices under Title VI of the Civil Act of 1964 include:

- The denial of any individual any services, opportunity, or other benefit for which they are otherwise qualified under a federally funded program;
- provide any individual with any services, or other benefit, which is different or is provided in a different manner from that which is provided to others under the program;
- subject any individual to segregated or separate treatment in any manner related to their receipt of service;
- restrict an individual in any way in the enjoyment of services, facilities or any other advantage, privilege or other benefit provided to others under the program;
- adopt methods of administration which would limit participation by any group of recipients, or subject them to discrimination;
- permit discriminatory activity in a facility built in whole or in part with federal funds;
- fail to advise the population eligible to be served or benefited by the program of the existence of the program; locate a facility in any way which would limit or impede access to a federally funded service or benefit.

3.3 Examples of discriminatory practices:

- Differential enforcement of laws in federally funded programs in minority and non-minority neighborhoods;
- A board or advisory body is established by an agency receiving federal funds. The agency does not seek to include minority representation on the board or advisory body;
- Subject an individual to discriminatory employment practices under a federally funded program whose objective is to provide employment;

ENERGY AND ENVIRONMENT CABINET
Title VI Plan

- A local government plans to build a landfill, sewage treatment plant, etc., in whole or in part with federal funds and only considers locations in low-income minority neighborhoods;
- Recipient of federal funds discriminates in the selection of contractors
- A city receives a grant to replace sewage equipment, water treatment plant, etc., the minority neighborhood receives services from the old facilities and non-minority neighborhoods receive services from the new facility;
- An agency receives federal funds to perform environmental corrective/remedial work. The funds are only used for projects in non-minority communities and not in minority communities with the same or similar environmental problems.

IV. RESPONSIBLE OFFICIAL

The responsibility for complying with the provisions of Title VI is vested with the Secretary of the Energy and Environment Cabinet or his/her designee. The Cabinet Title VI Coordinator is responsible for coordinating Title VI compliance between the various organizational units within the cabinet and administering the Title VI complaint process.

The cabinet has a designated Title VI Coordinator who is responsible for administering compliance procedures and assisting in review and investigations of complaints of alleged discrimination. EEO/Title VI Counselors can be found in **Attachment A**.

V. STATEMENT OF ASSURANCES

The Energy and Environment Cabinet, its employees, and all sub recipients of federal funding from said cabinet shall comply with Title VI.

- a. No person shall, on the ground of race, color, or national origin, be excluded from participation in, be denied benefits of, or be subject to discrimination under any federally-funded program or activity of the Energy and Environment Cabinet or its subrecipients, it being the intention of the agency and its subrecipients to fully comply and abide by the spirit and intent of Title VI of the Civil Rights Act of 1964.
- b. The above Statement of Assurances will be included in any contract, which involves the granting, or expenditure of federal funds to or through this agency.

**ENERGY AND ENVIRONMENT CABINET
Title VI Plan**

VI. PROGRAMS OR ACTIVITIES SUBJECT TO TITLE VI

- 6.1 Agency programs receiving federal assistance are listed in **Attachment B**.
- 6.2 Potential beneficiaries of the agency include other governmental entities, individuals, and non-profit and for-profit organizations. Assistance is provided in the form of grants, loans, property and payments for the procurement of services.

The structure of the Energy and Environment Cabinet can be seen in **Attachment C**.

This section shall be updated annually.

VII. COMPLAINT PROCEDURES

- 7.1 INTERNAL COMPLAINT/APPEAL PROCEDURE: Any person who believes himself/herself or any special class of individuals to be subjected to discrimination of the type prohibited by Title VI may file an oral or written complaint (See Form 1) directly, or through a representative, to the Office of Administrative Services/Energy and Environment Cabinet at the following address and/or telephone number:

Energy and Environment Cabinet
Office of Administrative Services
Attention: Title VI Compliance
300 Sower Boulevard
Frankfort, Kentucky 40601
(502) 782-1039

- 7.1.a. Complaints should be filed within thirty (30) days of the alleged discrimination. The Director of the Division of Human Resources Management will promptly acknowledge receipt of the complaint. The complainant will be advised of the commencement of an investigation of the alleged discrimination. All complaints will be promptly investigated. The investigation must be conducted and completed within thirty (30) working days of the receipt of the complaint. All information gathered in the investigation shall be confidential, but subject to open records request.
- 7.1.b. A written response containing the cabinet's findings will be provided to the complainant upon completion of the investigation (See Form 2). If the complainant is dissatisfied with the response, he/she may request a meeting with the Secretary or his/her designee to attempt a mutually agreeable resolution. Requests for resolution meetings must be made by the complainant within ten (10) working days of receipt of the written response. If a mutually agreeable resolution cannot be reached, the complainant will be advised of the right to file a complaint with the Kentucky Commission of Human Rights, pursuant to the provisions of KRS Chapter 344.

ENERGY AND ENVIRONMENT CABINET
Title VI Plan

- 7.1.c. A withdrawal of a complaint must be in writing, signed by the complainant or his/her representative and forwarded to the above-stated address in part 7.1 (See Form 3).
- 7.1.d. If the agency finds, on the basis of a complaint and investigation, that discrimination has occurred or is occurring, enforcement action will be taken pursuant to part 8.6. Follow-up compliance reviews will be conducted in accordance with part 8.7.
- 7.2. **EXTERNAL COMPLAINT PROCEDURE:** Any person who believes himself/herself or any special class of individuals to be subjected to discrimination of the type prohibited by Title VI may file a written complaint directly with the Kentucky Commission on Human Rights (KCHR). KRS 344.200 requires that the complaint must be filed within one hundred and eighty (180) days after the alleged discrimination. If at the time of the filing of a complaint with the KCHR there is an internal complaint investigation pending, the cabinet will suspend its internal investigation, pending the outcome of the KCHR complaint procedure.

This section shall be updated annually.

VIII. COMPLIANCE REVIEW

- 8.1 The Cabinet Title VI Coordinator is required to annually review the activities of the cabinet to determine whether they are complying with the provisions of Title VI. Any deficiencies will be discussed with the Executive Director, Secretary, Department Commissioner or other appropriate parties. An investigation may be conducted of any federally funded program within an agency/department/commission at any time. The Cabinet Title VI Coordinator will annually review the designation of department Title VI counselors, advisory groups/boards/commission composition, nondiscrimination policies, recordkeeping, complaints, dissemination of Title VI information, as well as compliance (see Form 4).
- 8.2 A Title VI coordinator, with the approval of the Executive Director or Secretary, may direct a subrecipient to complete a Title VI self-survey or may initiate a preliminary or secondary compliance review/investigation prior to or after the award of any federal monies. In determining whether a survey or compliance review will be required, the Title VI coordinator will consider whether the subrecipient has previously been required to conduct a pre-award or post-award survey or review, findings or previous surveys or reviews, allegations of discriminatory practices engaged in by the subrecipient, alleged or known instances or patterns of discrimination in the relevant geographical area and/or any available statistical information that may indicate patterns of discrimination. Prior to the award of federal monies, a subrecipient will be advised that they may be subject to Title VI Compliance Self-Survey and/or a Title VI Compliance Review/Investigation anytime during the term of the contract.
- 8.3 Prior to the award of any federal monies to a subrecipient, the subrecipient must provide the agency with a copy of the sub recipient's current Title VI compliance plan. If the subrecipient does not have an existing plan, the subrecipient shall, as

ENERGY AND ENVIRONMENT CABINET
Title VI Plan

part of the contract, agree to use the agency's current Title VI plan as the guidelines for the sub recipient's compliance with Title VI. Copies of Title VI compliance plans submitted by sub recipients to the agency will be provided to the Auditor on July 1 of each year.

8.4 Compliance Reviews/Investigations: The agency will use the relevant portions of the most current and available version of the "Investigation-Review Plan" set forth in the Compliance Officer's Manual: A Handbook of Compliance Procedures under Title VI of the Civil Rights Act of 1964, U.S. Commission on Civil Rights, as a guideline for conducting Title VI compliance reviews.

8.5.a A preliminary compliance review/investigation may include the following:

- i. Determination of legal status, size, nature of services and type of federal assistance received by subrecipient;
- ii. Review of assurance statements and/or existing Title VI plans;
- iii. Review of any completed Title VI compliance self-surveys;
- iv. Review of extent of compliance in same community in Title VI programs; and
- v. Securing statistical data from available sources, including available racial and ethnic background data.

8.5.b A secondary compliance review/investigation may include the following:

- i. Determination of physical description/location of funded premises, services provided by subrecipient, geographic area served, population characteristics of area, type of financial assistance;
- ii. Determination of Title VI compliance efforts of subrecipient;
- iii. Eligibility standards and practices and treatment of beneficiaries of programs;
- iv. Methods of publicizing programs/services to protected beneficiaries;
- v. Referrals to other recipients;
- vi. Methods for handling complaints of discriminatory practices;
- vii. Findings from investigations of complaints of discrimination;
- viii. Interview of witnesses who possess relevant information; and/or,
- ix. Interviews of representatives of protected beneficiaries.

8.6 Corrective Actions

8.6.a If the Executive Director or Secretary finds a discriminatory practice, based on the provisions of Title VI, in a federally-funded program administered by an agency department, the department will be provided a written notice of the discriminatory practice and will be directed to immediately take corrective action to eliminate or cease the practice. Individual state employees that have participated in the practice will receive written notice to immediately cease the discriminatory practice. Failure of an individual employee to eliminate or cease the discriminatory practice will result in appropriate disciplinary measures in accordance with the provisions of KRS chapter 18A and the regulations promulgated pursuant thereto.

ENERGY AND ENVIRONMENT CABINET
Title VI Plan

- 8.6.b Sub recipients, including those that have entered into contracts with the agency, that are found to have engaged in a discriminatory practice under the provisions of Title VI will be given a written notice of the discriminatory practice and will be directed to eliminate or cease the discriminatory practice. Failure to voluntarily eliminate or cease the discriminatory practice within thirty (30) days of receipt of the notification letter will be considered a violation of the terms of the assistance or contract and will constitute a basis for suspension or termination of the contract and/or the refusal to grant or pay continued federally funded financial assistance.
- 8.6.c The agency may suspend or terminate the contract and/or refuse to grant continued federally funded financial assistance or payments after written notice to the subrecipient and an opportunity to be heard. If, after hearing, there is a finding on the record that the discriminatory practice occurred and compliance has not, or cannot be secured by voluntary means, the Secretary may enter an order suspending or terminating the contract and/or refusing to continue the grant or payments of financial assistance.
- 8.7 In the case of a finding that discrimination, in violation of Title VI, has occurred or is occurring, and voluntary compliance is obtained, the program or subrecipient will be reviewed within three months of the survey, review or complaint that resulted in the finding to determine compliance with Title VI. A second follow-up review will be conducted within six months of the initial follow-up.

IX. TRAINING

In-service training for employees will continually apprise appropriate staff of their responsibility to render a high quality of service to all clients regardless of their race, color, or national origin.

- 9.1 The Cabinet Policy Statement and Title VI Plan, explaining the specifics of Title VI, as well as the Title VI informational brochure will be placed on the cabinet's Intranet site. The Intranet site is available to all employees and will provide constant access to the Title VI information. This electronic format will also provide for easier, more efficient updating of the Title VI information. Title VI counselors for each agency are required to participate in an annual Title VI training. The Cabinet Coordinator for Title VI is to arrange this training. Opportunities may be made available for employees to attend outside Title VI training to improve their staff capability, knowledge and effectiveness in relation to Title VI.
- 9.2 As part of related agency training, the agency will include an overview of Title VI and Title VI compliance as part of the training agenda. This training will be designed to provide an awareness of the mission, goals and obligations of the agency concerning Title VI.

This section shall be updated annually.

ENERGY AND ENVIRONMENT CABINET
Title VI Plan

X. GOALS AND EVALUATION PROCEDURE

As stated, the overall goal of the Energy and Environment Cabinet regarding Title VI compliance is to afford all individuals an equal opportunity to participate in federal financially assisted programs and to benefit equally from those programs.

The assigned coordinator will ensure that the departments, as well as any future sub-recipients, continue to follow Title VI by periodically gathering data and monitoring compliance activities in a timely manner, a written progress report of sorts. It is a long-term goal of the agency to encourage continuing minority representation on agency boards and commissions. No plan deficiencies are known at this time.

Evaluation procedure: The agency will evaluate compliance with Title VI through the department Plans/Plan Updates and review/investigation procedures set forth in part 8 to ensure that all agency programs are being conducted without discrimination based on race, color or national origin. When any of these mechanisms identify discrimination, the corrective procedures set forth in part 8.6 will be initiated to obtain compliance.

Specifically, if the Director finds a discriminatory practice, based on the provisions of Title VI, in a federally funded program administered by an agency department, the department will be provided a written notice of the discriminatory practice and will be directed to immediately take corrective action to eliminate or cease the practice. Individual state employees that have participated in the practice will receive written notice to immediately cease the discriminatory practice. Failure of an individual employee to eliminate or cease the discriminatory practice will result in appropriate disciplinary measures in accordance with the provisions of KRS chapter 18A and the regulations promulgated pursuant thereto.

Sub-recipients, including those that have entered contracts with the agency, that are found to have engaged in a discriminatory practice under the provisions of Title VI will be given a written notice of the discriminatory practice and will be directed to eliminate or cease the discriminatory practice. Failure to voluntarily eliminate or cease the discriminatory practice within thirty (30) days of receipt of the notification letter will be considered a violation of the terms of the assistance or contract and will constitute a basis for suspension or termination of the contract and/or the refusal to grant or pay continued federally funded financial assistance.

The agency may suspend or terminate the contract and/or refuse to grant continued federally funded financial assistance or payments after written notice to the sub-recipient and an opportunity to be heard. If, after hearing, there is a finding on the record that the discriminatory practice occurred and compliance has not, or cannot be secured by voluntary means, the Secretary may enter an order suspending or terminating the contract and/or refusing to continue the grant or payments of financial assistance.

This section shall be updated annually.

**ENERGY AND ENVIRONMENT CABINET
Title VI Plan**

XII. RECORDKEEPING/REPORTING

Paper and/or electronic copies of all complaint documents, data reports, annual surveys, and annual updates to the Energy and Environment Cabinet Title VI Implementation Plan will be kept on file by the Cabinet Title VI Coordinator for at least five years and then forwarded to the Department of Libraries and Archives. These records are subject to the Kentucky Open Records Law and public inspection.

12.1 The agency will maintain sufficient records and reports to ascertain compliance with Title VI. Given the broad spectrum of individuals who benefit from the Title VI program and activities, we are unable to specifically determine the participation of the protected parties, and service to specific geographic areas.

12.2 The Energy and Environment Cabinet will be responsible for maintaining the following records:

- Complaints of discrimination based on the provisions of Title VI.
- Written and/or electronic reports of complaint investigation findings.
- Title VI Department Plans/Plan Updates and Compliance Self-Surveys.
- Written and/or electronic reports of compliance reviews/investigations.
- Electronic copies of the annual Title VI compliance reports submitted to the Auditor of Public Accounts and the Kentucky Human Rights Commission.

These reports will be maintained at the address listed in part 7.1. Names of witnesses or other sources of information obtained during the complaint investigation contained in any of these documents will not be disclosed to the public or any sub-recipient except upon order of a court of competent jurisdiction, unless the Office of Legal Services determines these to be subject to disclosure.

12.3 The agency shall submit annual Title VI compliance reports and any plan updates to the Auditor of Public Accounts and the Kentucky Commission on Human Rights by July 1 of each year.

12.4 The Energy and Environment Cabinet did not receive a complaint this reporting period.

This section shall be updated annually.

XIII. MINORITY REPRESENTATION ON PLANNING AND ADVISORY BODIES

13.1 Whenever a planning or advisory body, such as a board or a committee, is an integral part of any department program, the department shall continue to take the necessary steps to ensure that minority groups are notified of the existence of such bodies and are provided equal opportunity to participate as members. The cabinet attempts to achieve minority representation on its boards and commissions.

Minority representation of each planning and advisory body is listed in **Attachment J**.

ENERGY AND ENVIRONMENT CABINET
Title VI Plan

- 13.2 As of the date of the filing of this plan, the agency has approximately 73 (.04%) staff persons classified as Black/African American, Hispanic/Latino, Asian, American Indian/Alaskan Native, Native Hawaiian/Other Pacific Islander, two or more races and other, of which 35 are women. **(See Attachment K).**

This section will be updated annually.

Invasive Plant Suppression CFDA # - 10.664 CPGPRG	Funds to be used to host three regional trainings for KDF personnel and to support the statewide Invasive Species Conference	Funding allows for increased awareness of invasive plant threats, training, and eradication methods	Covers direct costs of KDF, travel, and contractual agreements UK Forestry	The Division of Forestry, state and federal partners, local governments, and non-profit organizations
CPG Redesign – Emerald Ash Borer Landscape Program CFDA # 10.664. CPGPRG	Partner with selected communities to increase awareness of the EAB and promote treatment	Funds will be developed into a pass-through grant program for eligible Communities for direct education and treatment programs	Covers Pass-Through grant program	Landowners, General Public, Communities, and Local Governments
Triplett Creek Joint Project – CFDA # 10.664 CPGPRG	Increase forest management activities and implement Firewise activities for land owners within the watershed	Funds will be used to educate landowners about forest management and fire prevention within the Triplett Creek watershed	Covers the Triplett Creek Watershed	Landowners, General Public, Communities
Rural Community Wealth CFDA # 10.664 CPGPRG	Funds to be used to expand community planning / participation in developing conceptual plans and long-term strategies to conserve, enhance, connect, and protect community natural resources (community forests, open space, watersheds, regional trail networks, riparian corridors) and encourage forest-based recreation and eco-tourism	Funding allows for contractual work to develop conceptual plans for local communities, universities, and colleges.	Provides for contractual and training needs.	Local governments and educational institutions
Timber Supply Analyses CFDA #10.664 CPGPRG	Funds to be used to allow Kentucky to learn to use the Sub-Regional Timber Supply model to project timber inventory, supply and prices	Funds will be used travel for training.	Provides for travel and related costs	Landowners, General Public, Communities

Program	Type of Assistance	Delivery	Coverages	Potential Beneficiaries
Real Time Dispatch CFDA #10.664 CPGPRG	Provides funding to improve the fire suppression capabilities through the purchase of GPS tracking units for 30 dozer units	The purchase of 30 GPS tracking units and a contract with a GPS tracking company to provide real time tracking will be reimbursed with federal funds	Funding will enable dozer units to be tracked in real time	Rural fire departments, private and public woodland areas, landowners, state agencies, and the US Forest Service
Oak Genetic Improvement Program (OGIP) CFDA #10.664 CPGPRG	Provides funding to allow collaboration with oak genetic and tree improvement researchers to eradicate sudden oak death	This funding will allow establishment of a base white oak population and regular update text and web-based resources to increase awareness	Grant funds will be passed through to the University of Kentucky to hire a qualified scientist. Funding will also be used by the division to cover personnel and travel costs	Landowners, General Public, Communities
Woodbasket Analysis CFDA #10.664 CPGPRG	Funding will allow for attendance at woodbasket analysis training	Training will cover decision making impacting industry growth, product utilization, and management efforts to obtain a healthy resource	Expenses will be reimbursed for two representatives to attend workshops	Landowners, General Public, Communities, Industry
Mapping Path to Growth CFDA #10.664 CPGPRG	The goal of this project is to provide timely information on international markets, trade leads, and export activities that will be relevant for the development of the southeastern US forest products industry	This grant will deliver a series of reports profiling the top international markers for forest products, addressing economic data, wood fiber flows, trade factors, and key sources of information and business support	Travel expenses to the Export Conference will be reimbursed	Landowners, General Public, Communities, Industry

Program	Type of Assistance	Delivery	Coverages	Potential Beneficiaries
Administration and Enforcement Grant Regulation of Surface Coal Mining and Surface Effects of Underground Coal Mining CFDA# - 15.250 ANEPRG	Formula grant to designated State agencies in coal producing States - receive annual grants to assist in administering and enforcing the States' approved regulatory programs as provided by the Surface Mining Control and Reclamation Act of 1977.	State agencies responsible for regulation, reclamation and enforcement of provisions protecting the environment from negative effects of coal mining operations. Made under the authority of: Surface Mining Control and Reclamation Act of 1977.	Grants for permanent program development are available to fund staff and related costs in connection with preparing State legislative proposals; preparing State regulations; preparing permanent program applications to the Office of Surface Mining Reclamation and Enforcement (OSM); and for other related purposes. Administration and Enforcement grants are awarded to assist States that have received approval of permanent regulatory programs.	State Governments, Local Governments and Universities.
Community Wildfire Defense Grant Program CFDA# - 10.720 CWDINF	Project or Grant that provides for financial assistance to communities, tribes, states and other agencies and organizations to develop and/or update plans for the protection of communities that are at risk from damage and loss due to wildfire. Also provides financial assistance to implement the projects designed to protect those communities described in aforementioned plans.	Funding will be awarded but priority will be given to low income communities and communities that have been impacted by severe disaster or with a high or very high wildfire disaster potential.	Funds are used to develop a community wildfire protection plan or implement projects under a community wildfire protection plan.	States, non-profits, and other organizations may apply on behalf of communities that are at risk of wildfires but with a focus on underserved and Tribal communities.
AML Abandoned Mine Land Reclamation (AMLR) Program AMLPRG/AMLINF CFDA# - 15.252	Cost-shared grant that provides funding for reclamation of abandoned coal mine sites. Grant also provides assistance to local governments for ground water studies and building waterlines.	Funds are provided to local governments through the state's Memorandum of Agreement (MOA) process. Also contracts are awarded for construction services for reclamation work on abandoned mine sites.	AML federal grant funds may be used for reclamation of qualified mine sites throughout the state. Funds may also be expended to build/extend waterlines within the state of Ky.	State and local governments.

Program	Type of Assistance	Delivery	Coverages	Potential Beneficiaries
Imperiled Forest Tree Species CFDA # - 10.664 CPGPRG	Invasive pests are decimating native forest trees in the eastern US. State and federal agencies, universities and NGOs are treating trees and releasing biocontrols to protect trees until long term strategies are developed to protect and restore them to forests.	Collect survivor seeds from green, white and blue ash trees to be planted and grown from division nurseries and then planted on public sites by year 3 for monitoring. Funds will also be contracted to the University of KY (UK) to promote the TreeSnap App to provide tutorials and event information	Provides personnel and indirect costs, supplies and contractual with UK	Woodland areas, general public
Regional Forest Products Export Conference CFDA # - 10.664 CPGPRG	Address economic impacts of forestry for wood products and ecosystem services and demands. Provide technical assistance to various industries and agencies in product marketing, timber resource availability, manufacturing residue management and utilization, equipment analysis, timber harvesting analysis and individual mill efficiency analysis.	By attending the Regional Forest Products Export Conference, division personnel will be able to forward information through advertising, and raising awareness of the importance of southern forest products, processes and utilization, impacts, challenges and solutions in regards to wood productions	Travel expenses for division personnel to attend the Regional Forest Products Export Conference	Public and private forest industries, general public
Promoting Forestry in the South: Education on Utilizing Economic Data CFDA # 10.664 CPGPRG	To provide a protocol and process for promoting credible economic contribution analysis (ECA) information for the forestry sector and build capacity in ECA skills and knowledge.	Provide training and workshops to determine appropriate practices for ECA analyses and give stakeholders the opportunity to provide input and express concerns about shortcomings	Provides for personnel, indirect costs, travel expenses for workshops, and contractual with a match from Southern Regional Extension Forestry	Policy makers, general public, local economic industries
Partners for Fish and Wildlife: Prescribed Fire Assistance CFDA #15.631 PFAPRG	To facilitate the restoration, enhancement and conservation of prairie-barren-glade and other grassland ecosystems, forests and related habitats in KY for federal trust species	Conduct prescribed burns and/or other activities to facilitate prescribed burns on private lands	Provides for personnel and indirect costs	Landowners, conservation partners

Attachment C – Org Chart

Know Your Rights: Workplace Discrimination is Illegal

The U.S. Equal Employment Opportunity Commission (EEOC) enforces Federal laws that protect you from discrimination in employment. If you believe you've been discriminated against at work or in applying for a job, the EEOC may be able to help.

Who is Protected?

- Employees (current and former), including managers and temporary employees
- Job applicants
- Union members and applicants for membership in a union

What Types of Employment Discrimination are Illegal?

Under the EEOC's laws, an employer may not discriminate against you, regardless of your immigration status, on the bases of:

- Race
- Color
- Religion
- National origin
- Sex (including pregnancy, childbirth, and related medical conditions, sexual orientation, or gender identity)
- Age (40 and older)
- Disability
- Genetic information (including employer requests for, or purchase, use, or disclosure of genetic tests, genetic services, or family medical history)
- Retaliation for filing a charge, reasonably opposing discrimination, or participating in a discrimination lawsuit, investigation, or proceeding
- Interference, coercion, or threats related to exercising rights regarding disability discrimination or pregnancy accommodation

What Organizations are Covered?

- Most private employers
- State and local governments (as employers)
- Educational institutions (as employers)
- Unions
- Staffing agencies

What Employment Practices can be Challenged as Discriminatory?

All aspects of employment, including:

- Discharge, firing, or lay-off
- Harassment (including unwelcome verbal or physical conduct)
- Hiring or promotion
- Assignment
- Pay (unequal wages or compensation)
- Failure to provide reasonable accommodation for a disability; pregnancy, childbirth, or related medical condition; or a sincerely-held religious belief, observance or practice
- Benefits
- Job training
- Classification
- Referral
- Obtaining or disclosing genetic information of employees
- Requesting or disclosing medical information of employees
- Conduct that might reasonably discourage someone from opposing discrimination, filing a charge, or participating in an investigation or proceeding
- Conduct that coerces, intimidates, threatens, or interferes with someone exercising their rights, or someone assisting or encouraging someone else to exercise rights, regarding disability discrimination (including accommodation) or pregnancy accommodation

What can You Do if You Believe Discrimination has Occurred?

Contact the EEOC promptly if you suspect discrimination. Do not delay, because there are strict time limits for filing a charge of discrimination (180 or 300 days, depending on where you live/work). You can reach the EEOC in any of the following ways:

Submit an inquiry through the EEOC's public portal:
<https://publicportal.eeoc.gov/Portal/Login.aspx>

Call 1-800-669-4000 (toll free)
1-800-669-6820 (TTY)
1-844-234-5122 (ASL video phone)

Visit an EEOC field office (information at www.eeoc.gov/field-office)

E-Mail info@eeoc.gov

Additional information about the EEOC, including information about filing a charge of discrimination, is available at www.eeoc.gov.

EMPLOYERS HOLDING FEDERAL CONTRACTS OR SUBCONTRACTS

The Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) enforces the nondiscrimination and affirmative action commitments of companies doing business with the Federal Government. If you are applying for a job with, or are an employee of, a company with a Federal contract or subcontract, you are protected under Federal law from discrimination on the following bases:

Race, Color, Religion, Sex, Sexual Orientation, Gender Identity, National Origin

Executive Order 11246, as amended, prohibits employment discrimination by Federal contractors based on race, color, religion, sex, sexual orientation, gender identity, or national origin, and requires affirmative action to ensure equality of opportunity in all aspects of employment.

Asking About, Disclosing, or Discussing Pay

Executive Order 11246, as amended, protects applicants and employees of Federal contractors from discrimination based on inquiring about, disclosing, or discussing their compensation or the compensation of other applicants or employees.

Disability

Section 503 of the Rehabilitation Act of 1973, as amended, protects qualified individuals with disabilities from discrimination in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment by Federal contractors. Disability discrimination includes not making reasonable accommodation to the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or employee, barring undue hardship to the employer. Section 503 also requires that Federal contractors take affirmative action to employ and advance in employment qualified individuals with disabilities at all levels of employment, including the executive level.

Protected Veteran Status

The Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, 38 U.S.C. 4212, prohibits employment discrimination against, and requires affirmative action to recruit, employ, and advance in employment, disabled veterans, recently separated veterans (i.e., within three years of discharge or release from active duty), active duty wartime or campaign badge veterans, or Armed Forces service medal veterans.

Retaliation

Retaliation is prohibited against a person who files a complaint of discrimination, participates in an OFCCP proceeding, or otherwise opposes discrimination by Federal contractors under these Federal laws.

Any person who believes a contractor has violated its nondiscrimination or affirmative action obligations under OFCCP's authorities should contact immediately:

The Office of Federal Contract Compliance Programs (OFCCP)
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, D.C. 20210
1-800-397-6251 (toll-free)

If you are deaf, hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services. OFCCP may also be contacted by submitting a question online to OFCCP's Help Desk at <https://ofccphelpdesk.dol.gov/s/>, or by calling an OFCCP regional or district office, listed in most telephone directories under U.S. Government, Department of Labor and on OFCCP's "Contact Us" webpage at <https://www.dol.gov/agencies/ofccp/contact>.

PROGRAMS OR ACTIVITIES RECEIVING FEDERAL FINANCIAL ASSISTANCE

Race, Color, National Origin, Sex

In addition to the protections of Title VII of the Civil Rights Act of 1964, as amended, Title VI of the Civil Rights Act of 1964, as amended, prohibits discrimination on the basis of race, color or national origin in programs or activities receiving Federal financial assistance. Employment discrimination is covered by Title VI if the primary objective of the financial assistance is provision of employment, or where employment discrimination causes or may cause discrimination in providing services under such programs. Title IX of the Education Amendments of 1972 prohibits employment discrimination on the basis of sex in educational programs or activities which receive Federal financial assistance.

Individuals with Disabilities

Section 504 of the Rehabilitation Act of 1973, as amended, prohibits employment discrimination on the basis of disability in any program or activity which receives Federal financial assistance. Discrimination is prohibited in all aspects of employment against persons with disabilities who, with or without reasonable accommodation, can perform the essential functions of the job.

If you believe you have been discriminated against in a program of any institution which receives Federal financial assistance, you should immediately contact the Federal agency providing such assistance.

Energy and Environment Cabinet
CALL 866.903.3647
To Access a Qualified Interpreter

- When greeted by a coordinator, request the language needed or ask for assistance in identifying the language.
- Please provide the following information:
 - **Department or Cabinet**
 - **Division or Institution**
 - **Caller's Full Name**
 - **District**
- Hold momentarily while your interpreter is connected. Once on the line, you will be notified and provided with the interpreter's ID number.
- Explain the objective of the call to the interpreter. Then proceed by speaking directly to the Limited English Proficient speaker in the first person.
Example: "What is your name?" NOT "Ask her what her name is."
- Upon completion of the call, all parties should simply hang up. Your time will be automatically recorded.

Title VI Plan

TITLE VI STATEMENT:

This section applies only to contracts disbursing federal funds, in whole or part, when the terms for receiving those funds mandate its inclusion. Discrimination (because of race, religion, color, national origin, sex, sexual orientation, gender identity, age, or disability) is prohibited. During the performance of this contract, the Contractor agrees as follows:

The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, national origin, sex, sexual orientation, gender identity or age. The Contractor further agrees to comply with the provisions of the Americans with Disabilities Act (ADA), Public Law 101-336, and applicable federal regulations relating thereto prohibiting discrimination against otherwise qualified disabled individuals under any program or activity. The Contractor agrees to provide, upon request, needed reasonable accommodations. The Contractor will take affirmative action to ensure that applicants are employed and those employees are treated during employment without regard to their race, religion, color, national origin, sex, sexual orientation, gender identity, age or disability. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensations; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause.

In all solicitations or advertisements for employees placed by or on behalf of the Contractor, the Contractor will state that all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, sex, sexual orientation, gender identity, age or disability. The Contractor will send to each labor union or representative of workers with which he/she has a collective bargaining agreement or other contract or understanding a notice advising the said labor union or workers' representative of the Contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. The Contractor will comply with all provisions of Executive Order No. 11246 of September 24, 1965, as amended, and of the rules, regulations and relevant orders of the Secretary of Labor.

The Contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, as amended, and by the rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his/her books, records and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders. In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be cancelled, terminated or suspended in whole or in part, and the Contractor may be declared ineligible for further government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, as amended, and such other sanctions that may be imposed and remedies invoked as provided in or as otherwise provided by law.

The Contractor will include the provisions of paragraphs (1) through (7) of section 202 of Executive Order 11246 in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor, issued pursuant to section 204 of Executive Order No. 11246 of September 24, 1965, as amended, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions including sanctions for noncompliance; provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.
