Ketucky Cybersecurity Workshop
From Risk to Readiness

April 7, 2026, 8:00-5:30
Kentucky History Center
101 W. Broadway, Frankfort, Ky 40601

Objectives

- Provide state officials with the knowledge, tools, and actionable resources necessary to advance cybersecurity planning in Kentucky and mitigate cyber risks to critical infrastructure sectors, including electricity, liquid fuels, water and wastewater, and telecommunications.
- Help state officials develop and institutionalize partnerships to strengthen Kentucky's cybersecurity capacity.
- Clarify the roles, responsibilities, and resources that state agencies and federal partners bring to bear in preventing, preparing for, and responding to cyber incidents, and support the integration of cybersecurity into energy security and resilience planning, funding programs, and regulatory engagement.

Time	Session
