

**MEADE COUNTY, KENTUCKY  
ORDINANCE NO. 2021-005**

**SUMMARY VERSION**

**THIS ORDINANCE SHALL REPEAL AND REPLACE ORDINANCE NO. 2020-02 WHICH WAS ADOPTED ON SEPTEMBER 8<sup>TH</sup>, 2020.**

**AN ORDINANCE AMENDING ORDINANCE 920.00 THE MEADE COUNTY ZONING ORDINANCE PASSED AND ADOPTED DECEMBER 29, 1997 WHICH BECAME EFFECTIVE MARCH 1, 1998 TO ADD SECTION 4.3.7. SOLAR ENERGY SYSTEMS.**

Given First Reading on the 13th day of April, 2021, and approved by at least a majority of the fiscal court members.

This ordinance will be read again, considered again, and possibly adopted by the Meade County Fiscal Court on the 11th<sup>th</sup> day of May, 2021 at 7:00 pm in the courtroom of the Meade County Courthouse 516 Hillcrest Drive, Brandenburg KY 40108.

The full version of this proposed ordinance can be obtained in the Meade County Judge Executive's Office at the Meade County Courthouse, 516 Hillcrest Drive Ste 12, Brandenburg, KY 40108.

MEADE COUNTY FISCAL COURT  
ORDINANCE: 2021-005

AN ORDINANCE AMENDING ORDINANCE 920.00 THE MEADE COUNTY ZONING ORDINANCE PASSED AND ADOPTED DECEMBER 29, 1997 WHICH BECAME EFFECTIVE MARCH 1, 1998 TO ADD SECTION 4.3.7. SOLAR ENERGY SYSTEMS

WHEREAS, the Meade County Fiscal Court has determined it to be in the public interest to amend Ordinance No. 920.00. The Meade County Zoning Ordinance, so as to add Section 4.3.7. regulating Solar Energy Systems;

NOW THEREFORE, BE IT ORDAINED BY THE MEADE COUNTY FISCAL COURT THAT THE FOLLOWING WILL BE ADDED SECTION 4.3.7: Additions will be underlined and deletions will be identified by strikethrough.

**4.3.7. Solar Energy Systems (SES) –**

**4.3.7.1. Permitted – Level 1** Solar Energy Systems that comply with the requirements of the Section 4.3.7. shall be allowed in all zoning districts. Level 2 and 3 SES, as set forth below, shall be a conditional use in all Agricultural or Commercial/Heavy Industrial Zones. Those seeking a permit for Level 3 SES must be granted approval by the Planning and Zoning Commission, with final approval by a majority vote of Meade County Fiscal Court.

**4.3.7.2. Design Standards - A Solar Energy System (SES) is the components and subsystems required to convert solar energy into electric energy suitable for use or placement on the electrical grid, including transmission lines, transformers and substations. The area of the system includes all the land inside the perimeter of the system, which extends to any fencing, and areas required to connect to the electrical grid, including transmission lines, transformers and substations. For the purposes of these zoning regulations, solar energy systems are divided into three (3) classes.**

**4.3.7.2.a. Level 1 Solar Energy System - A roof mounted system on any code compliant structure or any ground mounted system on an area of up to fifty (50) percent of the footprint of the primary structure on the parcel but not more than one (1) acre and not more than twenty-five (25) feet tall or any building integrated system (i.e. shingle, hanging solar, canopy, etc.)**

**4.3.7.2.b. Level 2 Solar Energy System - Any ground mounted system not included in a Level 1 SES and meets the following area restrictions:**

**(1) The area of the SES shall not exceed ~~ten-five~~ (5) acres in size.**

**(2) An SES of any size up to five (5) acres shall require a site plan approved by the staff of the Meade County Planning and Zoning Office.**

**4.3.7.2.c. Level 3 Solar Energy System - Any system that does not satisfy the parameters for a Level 1 or Level 2 SES. Each Level 3 SES shall require a site plan approved by the Meade County Planning and Zoning Commission.**

**4.3.7.3. Requirements - Solar Energy Systems (SES) shall comply with the following criteria:**

4.3.7.3.a. The height of any ground mounted SES shall not exceed twenty-five (25) feet as measured from the highest natural grade below each solar panel (excludes utility poles, substations and antennas constructed for the project).

4.3.7.3.b. Setback requirements for Level 1 and Level 2 SES shall be in compliance with the zoning classification for the parcel.

4.3.7.3.c. Setback requirements for Level 3 SES shall be as follows:

(1) All solar panels, transformers, inverters and substations of the SES shall be at least two hundred fifty (250) feet from the perimeter property lines of the project area, and

(2) No interior property line setbacks shall be required if the project spans multiple contiguous properties.

(3) The Planning and Zoning Commission may require more stringent setback lines, to be determined on a case-by-case basis.

4.3.7.3.d. All Level 3 SES shall be screened with a seven (7) foot tall fence and, to the extent reasonably practicable, a visual buffer that provides reasonable screening to reduce the view of the SES from residential dwelling units on adjacent lots (including those lots located across a public right of way). A vegetation screening plan to reduce the view of the SES from residential dwelling units on adjacent lots will be submitted as part of the site plan for approval of the Meade County Planning Commission. The existing natural tree growth and natural land forms along the SES perimeter may create a sufficient buffer and shall be preserved when reasonably practicable. When no alternative vegetation screening plan is approved by the Meade County Planning Commission, a double row of staggered evergreen trees will be planted 15' on center from adjacent non participating residential dwellings including the outdoor living space immediately near residential dwellings. Parcel boundaries with no proximity to residential dwellings shall not require screening. The proposed evergreen trees shall be placed on the exterior of security fencing. The use of barbed wire or sharp pointed fences shall be prohibited in or along any boundary adjoining residential properties. The Meade County Planning Commission may require additional screening and/or visual buffers on a case-by-case basis.

4.3.7.3.e. There shall be no signs permitted except those displaying emergency information, owner contact information, warning or safety instructions or signs that are required by a federal, state or local agency. Such signs shall not exceed five (5) square feet in area.

4.3.7.3.f. Excessive lighting shall be prohibited except that required by federal or state regulations.

4.3.7.3.g The total number of acres in the unincorporated areas of the county which are permitted to allow Level 3 SES shall be limited to TWO THOUSAND (2000) acres. No permits shall be authorized once the total number of permitted acres have been allotted.

4.3.7.3.hg. Decommissioning of Level 3 SES shall be as follows:

**(1)** The developer shall post a Surety Bond or other form of Security acceptable to the County, for the abandonment of the site and in the event the Commission must remove the facility. Abandonment shall be when the SES ceases to transfer energy on a continuous basis for twelve (12) months. The surety bond or other form or security shall be one hundred ten (110) percent of the estimate submitted for the decommissioning of the project to be re-calculated every five (5) years during the project life.

**(2)** A decommissioning plan shall be submitted at the time of application by the developer responsible for decommissioning and must include the following:

- (a)** Defined conditions upon which the decommissioning will be initiated. i.e. there has been no power production for twelve (12) months, the land lease has ended, or succession of use of abandoned facility, etc.,
- (b)** Removal of all non-utility owned equipment, conduit, structures, fencing, roads, and foundations to the depth of three (3) feet.
- (c)** Restoration of the property to substantially similar physical condition that existed immediately prior to construction of the SES.
- (d)** The time frame for completion of decommissioning activities.
- (e)** The party currently responsible for decommissioning, and
- (f)** Plans for updating the decommissioning plan.

6.1.1. Building and Electrical Fees

Construction/Building Permit Fees	FEE CHARGED
Solar Energy Systems- <ul style="list-style-type: none"> <li>• Level 1-Roof Mounted System</li> <li>• Level 1 or 2-Ground Mounted System (Less than 5 acres)</li> <li>• Level 3-Solar Farm (5 or more acres)</li> </ul>	\$75 \$100 \$250

6.1.2. Zoning Administration Fees

Zoning Administration Fees	FEE CHARGED
Solar Energy Systems- <ul style="list-style-type: none"> <li>• Level 3-Solar Farm (5 or more acres)(Fee includes Application Review Only)</li> </ul>	\$1,000 + \$2/Acre

This Ordinance shall repeal and replace Ordinance No. 2020-02.

Given a first reading on the 13<sup>th</sup> day of April, 2021.

Approved by a majority vote of the Meade County Fiscal Court this \_\_\_\_\_ day of \_\_\_\_\_, 2021.

\_\_\_\_\_  
LESLIE STITH

Meade County Judge-Executive

Attest:
