3A Composites USA, Inc. has applied to the Kentucky Division for Air Quality for a permit to operate an architectural sheet and plastic sheet manufacturing facility at 208 West 5th Street, Benton, KY 42025. The plant is classified as a Conditional Major source due to potential emissions of hazardous air pollutants greater than a major source threshold. This permit contains federally-enforceable limitations to restrict this source's potential emissions to less than a major source threshold.

Official copies of the Division's draft permit and relevant supporting information are available for inspection by the public at https://eec.ky.gov/Environmental-Protection/Air/Pages/Public-Notices.aspx and during normal business hours at the following locations:

Division for Air Quality, 300 Sower Boulevard, 2nd Floor, Frankfort, KY 40601, Phone (502) 564-3999 and Division for Air Quality Paducah Regional Office, 130 Eagle Nest Drive, Paducah, KY 42003, Phone (270) 898-8468.

For a period of 30 days the Division will accept comments on the draft permit and afford the opportunity for a public hearing. The first day of the 30 day period is the day this notice is posted on the website above. Comments and/or public hearing requests should be sent to Ms. Michelle McCloskey at the above Frankfort address or e-mail michellea.mccloskey@ky.gov. Any person who requests a public hearing must state the issues to be raised at the hearing. If the Division finds that a hearing will contribute to the decision-making process by clarifying significant issues affecting the draft permit, a hearing will be announced. All relevant comments will be considered in issuing the final permit. Further information can be obtained by calling Ms. Michelle McCloskey at (502) 782-6713.
