

To Whom It May Concern

I am writing to formally request the renewal of our Air Permit. Since the issuance of the current permit, there have been no changes to our operations. No new equipment has been installed, and no new processes or materials have been introduced that would affect emissions.

All permitted equipment and processes continue to operate in accordance with the existing permit conditions and applicable regulatory requirements.

Please let me know if any additional information or documentation is required to complete the renewal process. Thank you for your time.

Sincerely,

Richard Sexton
