Campbellsville Industries, Inc. has applied to the Kentucky Division for Air Quality for a renewal permit to operate an ornamental and architectural metal work manufacturing facility at 440 Taylor Blvd, Campbellsville, KY 42718. The plant is classified as a Conditional Major source due to potential emissions of non-hazardous regulated air pollutants and hazardous air pollutants greater than a major source threshold. This permit contains federally-enforceable limitations to restrict this source's potential emissions to less than a major source threshold.

Official copies of the Division's draft permit and relevant supporting information are available for inspection by the public at <https://eec.ky.gov/Environmental-Protection/Air/Pages/Public-Notices.aspx> and during normal business hours at the following locations:

Division for Air Quality, 300 Sower Boulevard, 2nd Floor, Frankfort, KY 40601, Phone (502) 564-3999; and Division for Air Quality, Bowling Green Regional Office, 2642 Russellville Road, Bowling Green, KY 42101, Phone (270) 746-7475.

For a period of 30 days the Division will accept comments on the draft permit and afford the opportunity for a public hearing. The first day of the 30 day period is the day this notice is posted on the website above. Comments and/or public hearing requests should be sent to Michelle McCloskey at the above Frankfort address or via email to AIRKentucky@ky.gov. Any person who requests a public hearing must state the issues to be raised at the hearing. If the Division finds that a hearing will contribute to the decision-making process by clarifying significant issues affecting the draft permit, a hearing will be announced. All relevant comments will be considered in issuing the final permit. Further information can be obtained by calling Michelle McCloskey at (502) 782-6713.
