The Steve Crosman Award for Outstanding Environmental Professionalism

The Kentucky Division of Compliance Assistance's Operator Certification Program is seeking nominations for the fifth annual Steve Crosman Award for Outstanding Environmental Professionalism. This award is presented to recognize those individuals who value professionalism in their work and see the importance of providing quality service to the citizens of the Commonwealth.

Steve Crosman was a trainer with the Certification and Licensing Branch and passed away in December 2011. Steve, who specialized in water systems operations, was well-known and respected in the water and wastewater communities. Steve devoted himself to ensuring safe water for Kentucky by doing his best to assist and train operators. He understood the importance of integrity in the profession and demonstrated that through his personal investment to the operators he mentored.

To be eligible for this award, the nominee must:

- 1) Be an operator certified by the Kentucky Division of Compliance Assistance.
- 2) Have maintained a license in good standing for the past five years.
- 3) Have substantially enhanced the operator profession and Kentucky's environment through voluntary actions, such as mentoring other operators, educating the community about topics important to the profession or engaging in environmental projects that enhance the quality of life for Kentucky's citizens.

To nominate someone for this award, please complete the following form in its entirety. Please keep submissions to a three-page maximum. Nomination forms can be submitted through email at envhelp@ky.gov or by mail.

Division of Compliance Assistance
300 Sower Blvd.
Frankfort, KY 40601

Any questions should be directed to envhelp@ky.gov or by calling 502-564-0323.
