The Butler County Solid Waste Office directs the Butler County Litter Abatement and Clean Up programs. The office can also be of service to any citizen who wishes to dispose of old appliances, leftover paint, oil, antifreeze, and abandoned cars or has questions about other solid waste issues.

**How do I get rid of oil or antifreeze?**

If you have oil to dispose of oil or antifreeze the AutoZone Stores and Quick Lube in Bowling Green will accept up to 5 gallons of used oil per week per person at no charge or fee and they will recycle it.

Citizens wishing to dispose of antifreeze in an environmentally safe manner and can bring it to both the Butler County Road Departments; both recycle it for use in their equipment.

**How do I dispose of leftover paint?**

Leftover paint is a common problem, but it can easily be disposed of in your garbage if it is a solid.

Simply remove the lid of the can to air-dry the paint. You may need to add kitty litter, paint hardener or other drying agents to the paint to allow it to dry faster. Once the paint is a solid, you may throw it away with your regular garbage. Be sure to leave the lid off the can to show the waste hauler that the paint is dry.

**Notes:**

**For university staff and students only. Murray State University Recycling Program consists of education, promotion, cooperation and recognition. The success of these processes requires the services and cooperation of the Department for Facilities Management personnel. Those specifically involved include staff in the Building Services Division, Grounds Division, Transportation Services, Facilities Finance and Administration and the Office of Environmental Safety and Health. The University most actively recycles paper, cardboard, plastic and aluminum cans. In addition, it recycles more than 30 other items. Recycling at Murray State is a two-part process: Your Part and Our Part. Your Part - Source Separation**  
**There are three containers next to most desks at Murray State: A blue container for white office paper. A red container for mixed office paper. A neutral (tan, brown, green, etc.) container for trash. Your part in this process is source separation. Source separation is the key to Murray State's recycling success. Sorting paper at your desk is a key factor in the success of the University Recycling Program. Placing the cardboard in the bin is done most efficiently, if you break the box(es) down first. If you have numerous boxes to remove, please call the Recycling Line at 809-3183.**

**New Changes to Trash and Recycling Collection Coming July 1, 2017**

**Beginning July 1, 2017 recycling collection will be available to all residents at no additional cost and trash moves to once a week collection. Recycling will be collected on the same day as trash. All Newport households currently have a Rumpke 95-gallon trash cart. (Residents may choose to use their own trash containers as long as it has a lid.) Residents will receive a 65-gallon recycling cart delivered to their home the last week of June 2017. All residents will receive a flyer mailed to their home detailing the changes and explaining what is acceptable in recycling collection and a postcard advising residents what their new collection day will be. You can also check the searchable map or the neighborhood overview to find your new collection day.**

**Large Items, Appliances, and Beg Bugs**

- If you have a piece of furniture or other large item or excessive amounts of trash, please call Rumpke (1-877-786-7537) at least 24 hours before your regularly scheduled collection.**
- Television sets cannot exceed 32 inches for curbside pick-up. Watch for special disposal options during Litterfest in the spring and fall.**
- Any mattress or upholstered furniture that may be contaminated with bedbugs must be encased in disposable plastic for removal.**
- Carpet should be rolled and tied or duct taped in sections not longer than four feet in length.**
- Appliances containing refrigerant (such as air conditioners or freezers) must have the Freon removed by a certified technician and be marked with the appropriate sticker before being placed out for curbside collection.**
- According to Federal law, Rumpke is not permitted to accept batteries, tires, liquids, combustible materials or any items identified as hazardous.**

PMC Organometallix's flagship manufacturing facility in Carrollton, Kentucky, USA is one of the largest facilities of its kind in the world, employing a staff of about 145 people. Initially established in 1958, the site has a long history of organometallic chemical production. PMC Group has recently invested significant capacity expansions and additions to consolidate Cincinnati operations into Carrollton.

The plant manufactures Thermolite® and ADVASTAB® organotin stabilizers, FASCAT® catalysts, and fine chemicals including Grignard reagents. An experienced technical team leverages development labs and a pilot plant facility to provide solutions for customers worldwide.

The local community of Carrollton, Kentucky is a stakeholder in the business and site. As such, PMC Group participates in a Community Advisory Panel that maintains a budget for community projects, such as scholarships, shelter-in-place kits, etc. Other community support activities include local emergency planning, hosting an annual household hazardous waste collection and recycling event, and providing a recycling center for the community.

**First Time Selling Scrap Metal To River Metals Recycling?**

**It's a cinch. Simply drop off any ferrous scrap (metal that sticks to a magnet like iron, steel or an automobile) or nonferrous scrap (like aluminum, copper, brass, and wire) and get paid in cash. It's a great way to make money, while helping to preserve and protect the environment.**

**Become a valued customer today!**

**Bring your scrap in your car, truck or trailer. Get it weighed at our certified scales. Unload, and then get paid our competitive current market scrap prices at our self-service ATM.**

**Before your Load Your Material**

- 1.Review our Scrap Specifications list of what don't buy or items that must meet special conditions.**
- 2.Find the location nearest you. Call us for current day scrap pricing!**
- 3.Review the yard layout.**
- 4.Get Directions to the facility nearest to your home or office.**

**We Buy Old scrap metal items, like the ones you might have around your house.**

- 1.Arrive at our facility, where a greeter will direct you (in most locations) to the ferrous or nonferrous area of the scrap yard based on what you've brought in that day.**
- 2.Drive onto our scale with your scrap and present a valid photo ID, receive your weigh in ticket.**
- 3.Proceed to the unloading area and remove the scrap metal from your vehicle. Please note, to keep our prices competitive, we may not have staff available to assist with unloading so if it took two people to load it, bring them along for help in unloading.**
- 4.Go to the weigh out area, and we'll give you a ticket based on the scrap's weight and current scrap prices.**
- 5.Take your ticket to the ATM follow the instructions on the kiosk and get cash for your scrap!**

Notes:

As a regional recovered-paper processing and distribution facility, we help area businesses and municipalities identify, collect, and market recyclable paper, plastic, and metal products. We provide free consultations regarding new and existing material-recovery programs, helping clients determine what the material is and how it can be packaged effectively to produce the greatest return.

•We market large volumes of recyclable materials on national as well as international markets, helping you get the best prices for your materials. If you're looking to start a recycling program, we offer services, equipment, and supplies that support turnkey recycling programs. You can get started quickly, with minimal capital investment. Our facility is conveniently located near downtown Lexington, just minutes from I-75 and I-64. We can accommodate small and large loads, bulk dumps and tractor-trailer loads. Materials can be delivered loose, gaylorded, skidded or baled. Our services include pickup of loose, baled, or palletized recovered paper. We also process, market, and broker all wastepaper grades.

**Henderson 5 Day Route Plan**

The City of Henderson will have their recycling picked up on a bi-weekly basis. It will be picked up on your normal trash day every two weeks. Please call the number above to see when recycling will be picked up for your particular address. Place your recycling cart at the curb before 5:00 a.m. or the night before your pick-up day. Place the cart with the handle facing your house.

Items do not need to be separated. Rinse any container that had food or beverage in it and put all your recyclables into the cart. Please bag your paper items, i.e. newspapers, junk mail, school papers, magazines, etc.

Do not force cardboard or other material into the cart. It can become wedged and prevent the cart from emptying completely.

Wet recycling materials may freeze to the inside of the cart during the winter months. Please keep the material dry

Notes:

### Curbside Collection

The Madison County Recycling Program consists of approximately 2600 homes, in 70 neighborhoods, and three schools. Our recycling truck collects the recyclables here and transports them to the Lexington-Fayette Urban County Government (LFUCG) sorting facility where they are processed and marketed. LFUCG pays Madison County for the previous months goods. Records of the program are collected and kept on file in our office. For the calendar year 2016, we collected 417 tons, which is an outstanding amount, considering the program recently started in February of 2012. Madison County Fiscal Court offers this service free to the citizens who live outside the cities of Richmond and Berea and whose neighborhoods are participating in the program. To see if you neighborhood participates, Electronics Recycling: Bins for the recycling of electronic items are located at 208 Clarksville Lane and sent to Winchester for recycling. This service is offered free to the citizens of Madison County.

## **Recycling Drop-Off Facility through Freedom Waste**

As part of its contract with Freedom Waste Service, the City of Paducah offers a recycling drop point location. The location is adjacent to Freedom's transfer station at 400 State Street in Paducah. The facility is open Monday through Friday from 7 a.m. until 3:30 p.m. and Saturday from 8 a.m. until noon. There is no charge for the general public to drop off recyclables.

**Note:** This facility is closed to the public on the following holidays: Thanksgiving Day, Christmas Day, and New Year's Day. Customers can drive through and unload their recyclables by placing them in one of the large blue containers. Please separate cardboard and place it in the marked bin. All other accepted recyclables can be placed together in the blue single-stream bins. Accepted recyclables include pasteboard (which includes cereal and other similar-type boxes), newspapers, magazines, junk mail, phone books, hardback and paperback books, office paper, tin, steel, and aluminum cans, and plastic containers. Please rinse containers before bringing them to the facility.
