Kentucky Pride Fund HOUSEHOLD HAZARDOUS WASTE MANAGEMENT Grant Application

Grant Period July 1, 2019 – June 30, 2020

NOTICE – PLEASE READ THE FOLLOWING STATEMENT

Proposals often receive low scores because applicants fail to follow instructions, leading to uncertainty about the project goals and intended results. The clearer the details, the fewer questions a reviewer will have about the validity/feasibility of a proposal. Applicants also stand a better chance of success if they adhere to the required components of the application and information package. Please contact recycling assistance staff if there are questions about the information packet or about aspects of the proposal.

BACKGROUND

The Recycling and Household Hazardous Waste (HHW) Management Grant Program was established in 2006 by Senate Bill 50, effective July 12, 2006, and incorporated as a part of the Kentucky Pride Fund. KRS 224.43-505 (2) (c) specifies the establishment of a recycling and Household Hazardous Waste (HHW) management grants program. A 25% match is required.

The goal of the program is to leverage limited funds into efficient and cost effective projects to help Kentucky develop an integrated recycling infrastructure, manage Household Hazardous Waste and provide recycling and HHW public education programs.

Priority will be given to regional recycling projects and regional household hazardous waste management programs with state approved inter-local cooperative agreements.

Who Can Apply?

Any county, waste management district, city, urban-county government, or other political subdivision of the state or any combination of the above, including schools/school districts, shall be eligible to apply.

Helpful Hint - Approved Agreement Process

It is imperative we receive the signed agreement for a grant award by a specific date due to the timing of the end of the commonwealth's fiscal year. To expedite the quick turnaround of the agreement, the Division of Waste Management (DWM) strongly recommends that the governing body provide written permission, in addition to the approval for the submission of the application, for the chair (judge/executive, mayor, school board chair, etc.) to affix his/her signature to the agreement without the necessity of a formal meeting. The original signed agreement would then be sent to the division for processing of the funds prior to the end of the fiscal year.

Wastes that **are not** in their original containers may be accepted as "known" wastes provided they are labeled. Unknown wastes, if acceptable, will be field tested and packaged for incineration.
