GENERAL INSTRUCTIONS UST Optional Soil Removal at Permanent Closure Reimbursement Worksheet

Instructions provided are for the DWM 4288, UST Optional Soil Removal at Permanent Closure Reimbursement Worksheet. For any questions regarding any section of this form, please call the Division of Waste Management's Underground Storage Tank (UST) Branch. This form must be completed either by typing or by printing legibly with black ink.

All sections shall be completed to be accepted by the cabinet. If this form is not complete (including all required additional documentation) a deficiency letter will be sent to the applicant for corrections.

This reimbursement worksheet shall be completed, per 401 KAR 42:250, Section 9, to initiate reimbursement for optional soil removal outside the excavation zone completed in accordance with Section 4.16 of the UST Corrective Action Manual, incorporated by reference in 401 KAR 42:060. This reimbursement worksheet shall also be completed, if applicable, for the transportation and disposal or treatment, at a permitted facility, of contaminated material and water from within the excavation zone when performed in conjunction with optional soil removal. The formulated task rates prescribed in this reimbursement worksheet shall include facility visits, scheduling, oversight personnel, labor, equipment, and material needed in order to perform the listed actions, per the UST PSTEAF Reimbursement Rates, incorporated by reference in 401 KAR 42:250. Reimbursement shall be contingent upon a technical completeness determination by the cabinet and meeting the requirements of 401 KAR Chapter 42. The entry level, in accordance with 401 KAR 42:250, Section 5, shall not be deducted from the eligible reimbursement if the petroleum storage tank owner or operator performs optional soil removal outside the excavation zone during permanent closure.

Submit DWM 4288 form via mail, fax, or electronically:

Kentucky Department for Environmental Protection Division of Waste Management Underground Storage Tank Branch 300 Sower Boulevard, Second Floor Frankfort, KY 40601 Phone: (502) 564-5981 Fax: (502) 564-0094

https://eec.ky.gov/Environmental-Protection/Waste/underground-storage-tank/Pages/default.aspx

General Information:

- Agency Interest Number (Al) Enter the agency interest number for the facility.
- PSTEAF Application Number Enter the PSTEAF Application for Assistance number.
- Date of Permanent Closure Enter the date permanent closure occurred.
- **Dimensions of the Optional Soil Removal Area(s)** Enter the excavation dimensions of the optional soil removal for each area where performed (*length x width x depth*). Attach additional pages as necessary. Dimensions shall correspond with the dimensions in the UST Closure Assessment Report Checklist, DWM 4262.

Section	1.	As phalt/Concrete Removal:
		a. As phalt Removal – Enter the number of square feet based upon the total area (total square footage) of asphalt over-excavated outside the excavation zone. Enter the thickness of the asphalt removed worksheet and support with photographs.
		b. Concrete Removal – Enter the number of square feet based upon the total area (total square footage) of concrete over-excavated outside the excavation zone in the space corresponding with the appropriate concrete thickness and presence of rebar. Support with photographs verifying actual thickness, and the absence or presence of rebar.
		c. Transportation and Disposal of Asphalt at a Permitted Facility – Enter the tons of asphalt/concrete removed outside the excavation zone that was disposed, based upon the mileage to the nearest regulated facility. Weight tickets shall be submitted to support the tonnage.
Section	2.	Excavation and Disposal or Treatment of Contaminated Material:
		a. Mobilization and Demobilization of Heavy Equipment and Oversight Personnel to the Regulated Facility – Enter the round trip mileage from the eligible company or partnership's nearest office to the regulated facility for both the heavy equipment and oversight personnel. Only one (1) round trip mileage for heavy equipment shall be reimbursed.
		b. Per Diem - Enter the number of overnight stays for personnel providing oversight. Submit copies of hotel receipts and time sheets, with the claim submittal, to support the overnight stay with the worksheet, if applicable.
		c. Field Equipment – Enter the number of days in which optional soil removal outside the excavation zone occurred in both spaces provided (i.e., field equipment and tools of the trade).
		d. Excavation of Contaminated Material – Enter the tons of contaminated soil removed outside of the excavation zone, as documented by weigh tickets, submitted with the worksheet. This amount shall correspond with the tonnage identified in the UST Closure Assessment Report Checklist, DWM 4262. If weigh tickets are not submitted to verify tonnage, reimbursement shall be made based on the actual area of over-excavation. The volume of the excavated area (cubic yards) shall be converted to tons utilizing a conversion factor of 1.5 (tons per cubic yard).
