

Site Investigation and Groundwater Monitoring Reporting Costs

Application and examples of the 2019 UST PSTEAF Reimbursement Rates for the Site Investigation (SI) and Groundwater Monitoring Reporting (GMR) formulated task rates directed under SI or Corrective Action (CA).

Site Investigation Reporting

Each SI Report Request will include a SI Base Report formulated task rate. Each of the supplemental reporting formulated task rates will be added dependent on what is being directed in the specific directive. A *one-time* \$970 Supplemental SI Reporting formulated task rate will be added to compensate for additional requirements for SI Reports directed under the 2019 Regulation. Please refer to the examples below:

- A. SI Reporting formulated task rates for the first SI directive issued after April 5, 2019 for an existing UST site:

SI Report Base Report	\$2,865
Supplemental SI Report	\$970
Reporting Cost Total	\$3,835

- B. SI Reporting formulated task rates for the first SI directive issued after April 5, 2019 for UST sites coming directly from Closure or Site Check:

SI Report Base Report	\$2,865
Initial Site Survey Reporting (if requested)	\$1,005
Supplemental SI Report	\$970
Reporting Cost Total	\$4,840

- C. SI Reporting formulated task rate for any subsequent SI directive as described above. Additional reporting formulated task rates will be added if additional SI reporting is directed (i.e., additional site survey, vapor intrusion assessment, etc.).

SI Report Base Report	\$2,865
Reporting Cost Total	\$2,865

Groundwater Monitoring Report

Each GMR Report Request will include a GMR Report formulated task rate.
