Next meeting: March 14, 2017, Training Room C

- Industry discussions
- Indicators in regulations
- Competence in modern era

NEXT DNTUS

- Compentence (Susan Geddis)
- Small Systems (Gary Lerman)
- Education and Apprenticeship (Robert Akers)
- Training Evaluation
- Training Evaluation Strategy
- Major Compliance Issues

- Compliance Crosswalk for Management of Small Communities
- Optimization Program
- Determining Limits

NRE (
- Technical Assistance
- Update re: Habs (Michael sand)
- Update from NWS (Yvonne Fosburg)

- EFAP Proposed Act for the Regional Study of Nutrient Removal and Secondary Treatment: PTL (Peter Goodman)
- September 2016 Meeting Minutes

- Review Agenda
- Announcements
- Introductions

Louisville, Kentucky
300 South Belvedere, Training Room C
December 12, 2016, 9:00 a.m. – 11:30 a.m.

Waste Water Advisory Council
No changes were made to the agenda.

Review Agenda Items

closed meeting

All WWAC meetings will now be open to the public. Notice from each meeting will be

closed meeting

the Red Tape Reduction Initiative

The Division of Wastewater is currently reviewing consentdecisions and removing regulations as part of

Section 70. Any decisions, comments, or concerns can be directed to the following:

a. Present information, staff will be in the process of making final document available to the

b. Present information at a public meeting to discuss your Division's decision with this issue.

Joy Becker, Director of Planning Division of Wastewater Management, 713-524-5000 Ext. 100

The meeting was adjourned at 1:30 p.m.

Announcement

To begin in everything introduced hereafter.

Tom Johnson, Managing Director, is the new Director, Operations, Wastewater, and

Wastewater Advisory Council Meeting Minutes

September 13, 2016

10 a.m. - 12 p.m.

Wastewater Advisory Council Meeting Minutes
The March 2016 meeting minutes were approved by consensus.

Subcommittee Updates and Reports

Any changes to committee membership should be sent to Samantha Kaiser. It was noted that the state invitees list keeps growing. All sub-committee meetings will be closed meetings, and sub-committee can have members that are not a part of this workgroup.

There were no committee updates or meetings scheduled. The group agreed that MS4 and HABs groups are not sub-committees, but should still meet and report back to the WWAC members. The Nutrients sub-group extended an offer to Nick Lester to become a member. A Division representative needs to be assigned to Compliance sub-committee.

Update on Energy Pilot Project

Paulette Akers updated the council on the energy pilot project, which has received no grant funding. Three facilities have been audited. The EPA and UK Industrial Center performed the audits. These facilities have been asked to apply the findings of the audit and report back the results. An additional three to five facilities may have a chance to participate in this pilot project next year.

RICE Rules and Registration for Generators

Jarrod Bell discussed the Reciprocating Internal Combustion Engines (RICE) Rule issued by the EPA. This rule applies to stationary engines only and establishes various requirements depending on the age, size, horsepower, etc. There are a few exceptions to this rule. Not many wastewater plants have registered their engines and generators, which can be registered with DAQ. The EPA has a flowchart that can be found at www.epa.gov/region1/RICE to help distinguish if your device needs to be registered or a permitted. Emily Ohde explained that DCA has a program to help facilities register engines and apply for permits, if needed. Contact envhelp@cy.gov for more information about that program.

Next Meeting

The WWAC needs to meet at least quarterly. Members agreed to go back to regularly scheduled meetings, the second Tuesday of the last month of each quarter. The next meeting will be Tuesday December 13, 2016 at 10:00 a.m. EST at 300 Sower Blvd, Training Room C.
