Public Water System Population Update

Please fill out this document to update the population size served by your system.

To submit, you may mail the document or submit the document as an attachment to **EEC eForm 169**:

Drinking Water Information and Data Submittal.

If you have any questions, please email us at DrinkingWaterCompliance@ky.gov.

You are not required to use this form; it is provided for your convenience.

Systems may submit other forms prepared by other entities or a letter, as long as the required information is included.

PWSID:	PWS Name:
Address:	Email:
City/State/Zip:	County:

Choose one method for determining the population size served by the system (re: 401 KAR 8:200, Section 3):

- 1.) Most recent decennial census count conducted by the U.S. Census Bureau:
U.S. Census population size:
- 2.) Serviceable population established by Water Resources Information System (WRIS) database (<http://wris.ky.gov/portal/sysdata>):
WRIS population size:
- 3.) Multiply the number of service connections by 2.69:
Residential:
Commercial:
Industrial: _____
Total number of meters: _____ X 2.69 = _____
- 4.) Method mutually agreed upon by public or semipublic water system and the Division of Water:
Describe population calculation method: _____ Population size: _____

Please note the change in population may change the number of compliance samples to be taken for your system. Do not decrease the number of compliance samples submitted until confirmation is received from the Division of Water Drinking Water Branch.
