Cost & Effectiveness Self Certification

In accordance with Section 602(b)(13) of the Clean Water Act, as amended:

(13) ... the recipient of such assistance must certify, in a manner determined by the Governor of the State, that the recipient:

- A) Has studied and evaluated the cost and effectiveness of the processes, materials, techniques, and technologies for carrying out the proposed project or activity for which assistance is sought under this title; and
- B) Has selected, to the maximum extent practicable, a project or activity that maximizes the potential for efficient water use, reuse, recapture, and conservation, and energy conservation, taking into account –
 - i. The cost of constructing the project or activity;
 - ii. The cost of operating and maintaining the project or activity over the life of the project or activity; and
 - iii. The cost of replacing the project or activity.

Check the appropriate statement below and sign the signature block.

For Planning and Design Loans: By signing below, the loan recipient agrees to develop and implement a cost and effectiveness analysis that meets the requirements of clauses (A) and (B) above.

For Construction Loans: By signing below, the loan recipient certifies that:

- 1. A planning document served as the basis for selection of the recommended alternative; and
- 2. The undersigned agrees to develop a summary of findings from the planning document that addresses the requirements of clauses (A) and (B) above.
