January 2007

DIVISION OF WATER, GROUNDWATER BRANCH

KENTUCKY DRILLER  
QUARTERLY

## Happy 2007 and Best Wishes to Mr. Harold Lee Who Retired After 34 Years of Service

The Groundwater Branch along with the drillers of Kentucky bid a fond farewell to Harold Lee who retired in November 2006 after 34 years of service. Harold started working for the state after serving in the U.S. Air Force in 1976. Harold started working for state before there was a Division of Water and was witness to many changes within state government over the years. If you ever had the pleasure of meeting or working with Harold, then you know how much his presence here in the Groundwater Branch will be sorely missed. Harold was the resident expert on the driller's program within Kentucky. He administered the driller's certification program and assisted hundreds of drillers in obtaining their certifications. Harold's plans for retirement are to sleep in, work as the President of Woodford County Historical Society, attending UK basketball games and being a doting grandfather. Harold we thank you and we wish you and your family much health and Godspeed.

As a footnote, Groundwater Branch would like to welcome aboard Skip Castleman as Harold's replacement. Skip comes to us after serving 23 years in the U.S. Navy and earning his degree from the University of Kentucky. If you have any questions regarding the driller's program give Skip a call, he is slowly coming up-to-speed.
