

WWLC Application

by Frank Hall,
Laboratory Certification Coordinator

**Where to Find the
Application**

Kentucky
UNBRIDLED SPIRIT™

<http://water.ky.gov/>

The image shows a screenshot of the website for the Energy and Environment Cabinet, Department for Environmental Protection, Division of Water. The page features a blue header with the cabinet's name and a yellow navigation bar. A red arrow points to the 'Programs' menu item, which has opened a dropdown list. Another red arrow points to the 'Laboratory Certification' link in this list. The background of the page includes a circular seal on the left and a photograph of a waterfall on the right.

Wastewater Lab Certification

Division of Water Laboratory Certification Program

Kentucky Division of Water (DOW) Laboratory Certification Program (LCP) includes both drinking water and wastewater laboratory certification. LCP currently has 10 staff members who audit laboratories and provide technical assistance. Drinking water laboratory certification is based on the Federal Safe Drinking Water Act (SDWA). Wastewater laboratory certification is based on the Federal Clean Water Act (CWA). For information follow these links:

- [Drinking Water Lab Certification](#)
- [Wastewater Lab Certification](#)

Wastewater Lab Certification

Announcements

Date Information

9/4/2013 DOW will begin taking application for Wastewater Laboratory Certification after Sept. 7, 2013. For more information contact Frank Hall at 502-564-3410. To apply follow the link to the application:

KWLCP FORM APP

KENTUCKY WASTEWATER LABORATORY CERTIFICATION PROGRAM APPLICATION FOR KENTUCKY LABORATORY CERTIFICATION

Instructions

1. Complete Section 1 - Wastewater Laboratory Name and Address
2. Complete Section 2 - Laboratory Contact Information
3. Complete Section 3 - Certification Period
4. Complete Section 4 - Certification Analysis Category - Check all that apply
5. Complete Section 5 - Purpose for Application
6. Complete Applicable Attachment as specified by your choice in Section 5
7. Complete Section 6 - Signature of Laboratory Responsible Official
8. Complete Fees Worksheet and submit with fee payment by November 15 annually

June 2013

Section 1

Section 1

Wastewater Laboratory Name and Address	
Laboratory Name	
KY Lab No.	
Mailing Address	
Mailing City, Zip Code	
Physical Address	
Physical City, Zip Code	
County	
Telephone No.	
Fax No.

Required Attachments

Kentucky
UNBRIDLED SPIRIT™

Section 7

Initial or Renewal Certification for a Wastewater Laboratory Providing Only Field Analysis

1. A quality assurance plan (QAP) and all applicable standard operating procedures (SOPs).
2. A successful Proficiency Test Study (PT) performed by the primary analyst/technician for pH, residual chlorine, conductivity, and turbidity, as applicable. The PT results shall be submitted to the cabinet directly from the PT provider.

Section 8

Initial Certification for a Wastewater Laboratory (Excluding Only Field Analysis)

1. A quality assurance plan (QAP) and all applicable standard operating procedures (SOPs).
2. The name of the following wastewater laboratory personnel:
 - (a) Laboratory Director/Manager
 - (b) Laboratory Supervisor
 - (c) Quality Assurance Manager
 - (d) All Analysts/Technicians, including an indication as to the primary analyst/technician for each method-analyte pairing
 - (e) All data reporting personnel.
3. A list of all analytes for which the wastewater laboratory is requesting certification. The list shall include the analyte, reference method, instrument, laboratory minimum reporting limit, method detection limit, and units.

Section 8 - Continued

Initial Certification for a Wastewater Laboratory (Excluding Only Field Analysis)

4. A successful Proficiency Test Study (PT) performed by the primary analyst/technician for each method-analyte pairing for which the wastewater laboratory is requesting certification. The PT results shall be submitted to the cabinet directly from the PT provider.
5. A Method Detection Limit (MDL) Study for each applicable method-analyte pairing for which the laboratory is requesting certification. A separate MDL Study shall be submitted for each method if the laboratory is requesting certification for an analyte by two (2) or more reference methods.
6. Initial Demonstration of Capability (IDC) performed by the primary analyst/technician for each applicable method-analyte pairing for which the laboratory is requesting certification. A separate IDC shall be submitted for each method, if the laboratory is requesting certification for an analyte by two (2) or more reference methods.

Section 9

Initial Equivalency of Certification for a Wastewater Laboratory

1. A quality assurance plan (QAP) and all applicable standard operating procedures (SOPs).
2. The name of the following wastewater laboratory personnel:
 - (a) Laboratory Director/Manager
 - (b) Laboratory Supervisor
 - (c) Quality Assurance Manager
 - (d) All Analysts/Technicians, including an indication as to the primary analyst/technician for each method-analyte pairing
 - (e) All data reporting personnel.
3. Scope of work, which includes a copy of the current certificate and a list of analytes currently certified along with the reference method, instrument, laboratory minimum reporting limit, method detection limit, and units for each analyte.
4. A list of all analytes for which the wastewater laboratory is requesting certification. The list shall include the analyte, reference method, instrument, laboratory minimum reporting limit, method detection limit, and units.

Section 9 - Continued

Initial Equivalency of Certification for a Wastewater Laboratory

5. A successful Proficiency Test Study (PT) performed by the primary analyst/technician for each method-analyte pairing for which the wastewater laboratory is requesting certification. The PT results shall be submitted to the cabinet directly from the PT provider.
6. A Method Detection Limit (MDL) Study for each applicable method-analyte pairing for which the laboratory is requesting certification. A separate MDL Study shall be submitted for each method if the laboratory is requesting certification for an analyte by two (2) or more reference methods.
7. Initial Demonstration of Capability (IDC) performed by the primary analyst/technician for each applicable method-analyte pairing for which the laboratory is requesting certification. A separate IDC shall be submitted for each method, if the laboratory is requesting certification for an analyte by two (2) or more reference methods.
8. The most recent final audit report issued by the certifying authority, including any corrective action plan, and any other information requested by the cabinet to demonstrate compliance with all of the requirements for initial certification.

Section 10

Initial Certification for an Additional Method-Analyte Pairing

1. All applicable standard operating procedures (SOPs).
2. The name of all Analysts/Technicians, including an indication as to the primary analyst/technician for the additional method-analyte pairing.
3. A list of the new method-analyte pairings for which the wastewater laboratory is requesting certification. The list shall include the analyte, reference method, instrument, laboratory minimum reporting limit, method detection limit, and units.
4. A successful Proficiency Test Study (PT) performed by the primary analyst/technician for each new method-analyte pairing for which the wastewater laboratory is requesting certification. The PT results shall be submitted to the cabinet directly from the PT provider.

Section 10 - Continued

Initial Certification for an Additional Method-Analyte Pairing

5. A Method Detection Limit (MDL) Study for each new method-analyte pairing for which the laboratory is requesting certification. A separate MDL Study shall be submitted for each method if the laboratory is requesting certification for an analyte by two (2) or more reference methods.
6. Initial Demonstration of Capability (IDC) performed by the primary analyst/technician for each new method-analyte pairing for which the laboratory is requesting certification. A separate IDC shall be submitted for each method, if the laboratory is requesting certification for an analyte by two (2) or more reference methods.

Section 11

Renewal Certification for a Wastewater Laboratory (Excluding Only Field Analysis)

1. Identification of any changes to the quality assurance plan (QAP) and all applicable standard operating procedures (SOPs) for the new certification period.
2. The name of any changes to the following wastewater laboratory personnel not identified for the new certification period:
 - (a) Laboratory Director/Manager
 - (b) Laboratory Supervisor
 - (c) Quality Assurance Manager
 - (d) All Analysts/Technicians, including an indication as to the primary analyst/ technician for each method-analyte pairing
 - (e) All data reporting personnel.

Section 11

Renewal Certification for a Wastewater Laboratory (Excluding Only Field Analysis)

3. A list of all analytes for which the wastewater laboratory is requesting certification renewal. The list shall include the analyte, reference method, instrument, laboratory minimum reporting limit, method detection limit, and units, identifying changes from the current certification.
4. A successful PT performed by the primary analyst/technician for each method-analyte pairing for which the wastewater laboratory is requesting certification renewal. The PT results shall be submitted to the cabinet directly from the PT provider.

Section 12

Renewal Equivalency of Certification for a Wastewater Laboratory

1. Identification of any changes to the quality assurance plan (QAP) and all applicable standard operating procedures (SOPs) for the new certification period.
2. The name of any changes to the following wastewater laboratory personnel not identified for the new certification period:
 - (a) Laboratory Director/Manager
 - (b) Laboratory Supervisor
 - (c) Quality Assurance Manager
 - (d) All Analysts/Technicians, including an indication as to the primary analyst/technician for each method-analyte pairing
 - (e) All data reporting personnel.
3. Scope of work, which includes a copy of the current certificate and a list of analytes currently certified along with the reference method, instrument, laboratory minimum reporting limit, method detection limit, and units for each analyte.

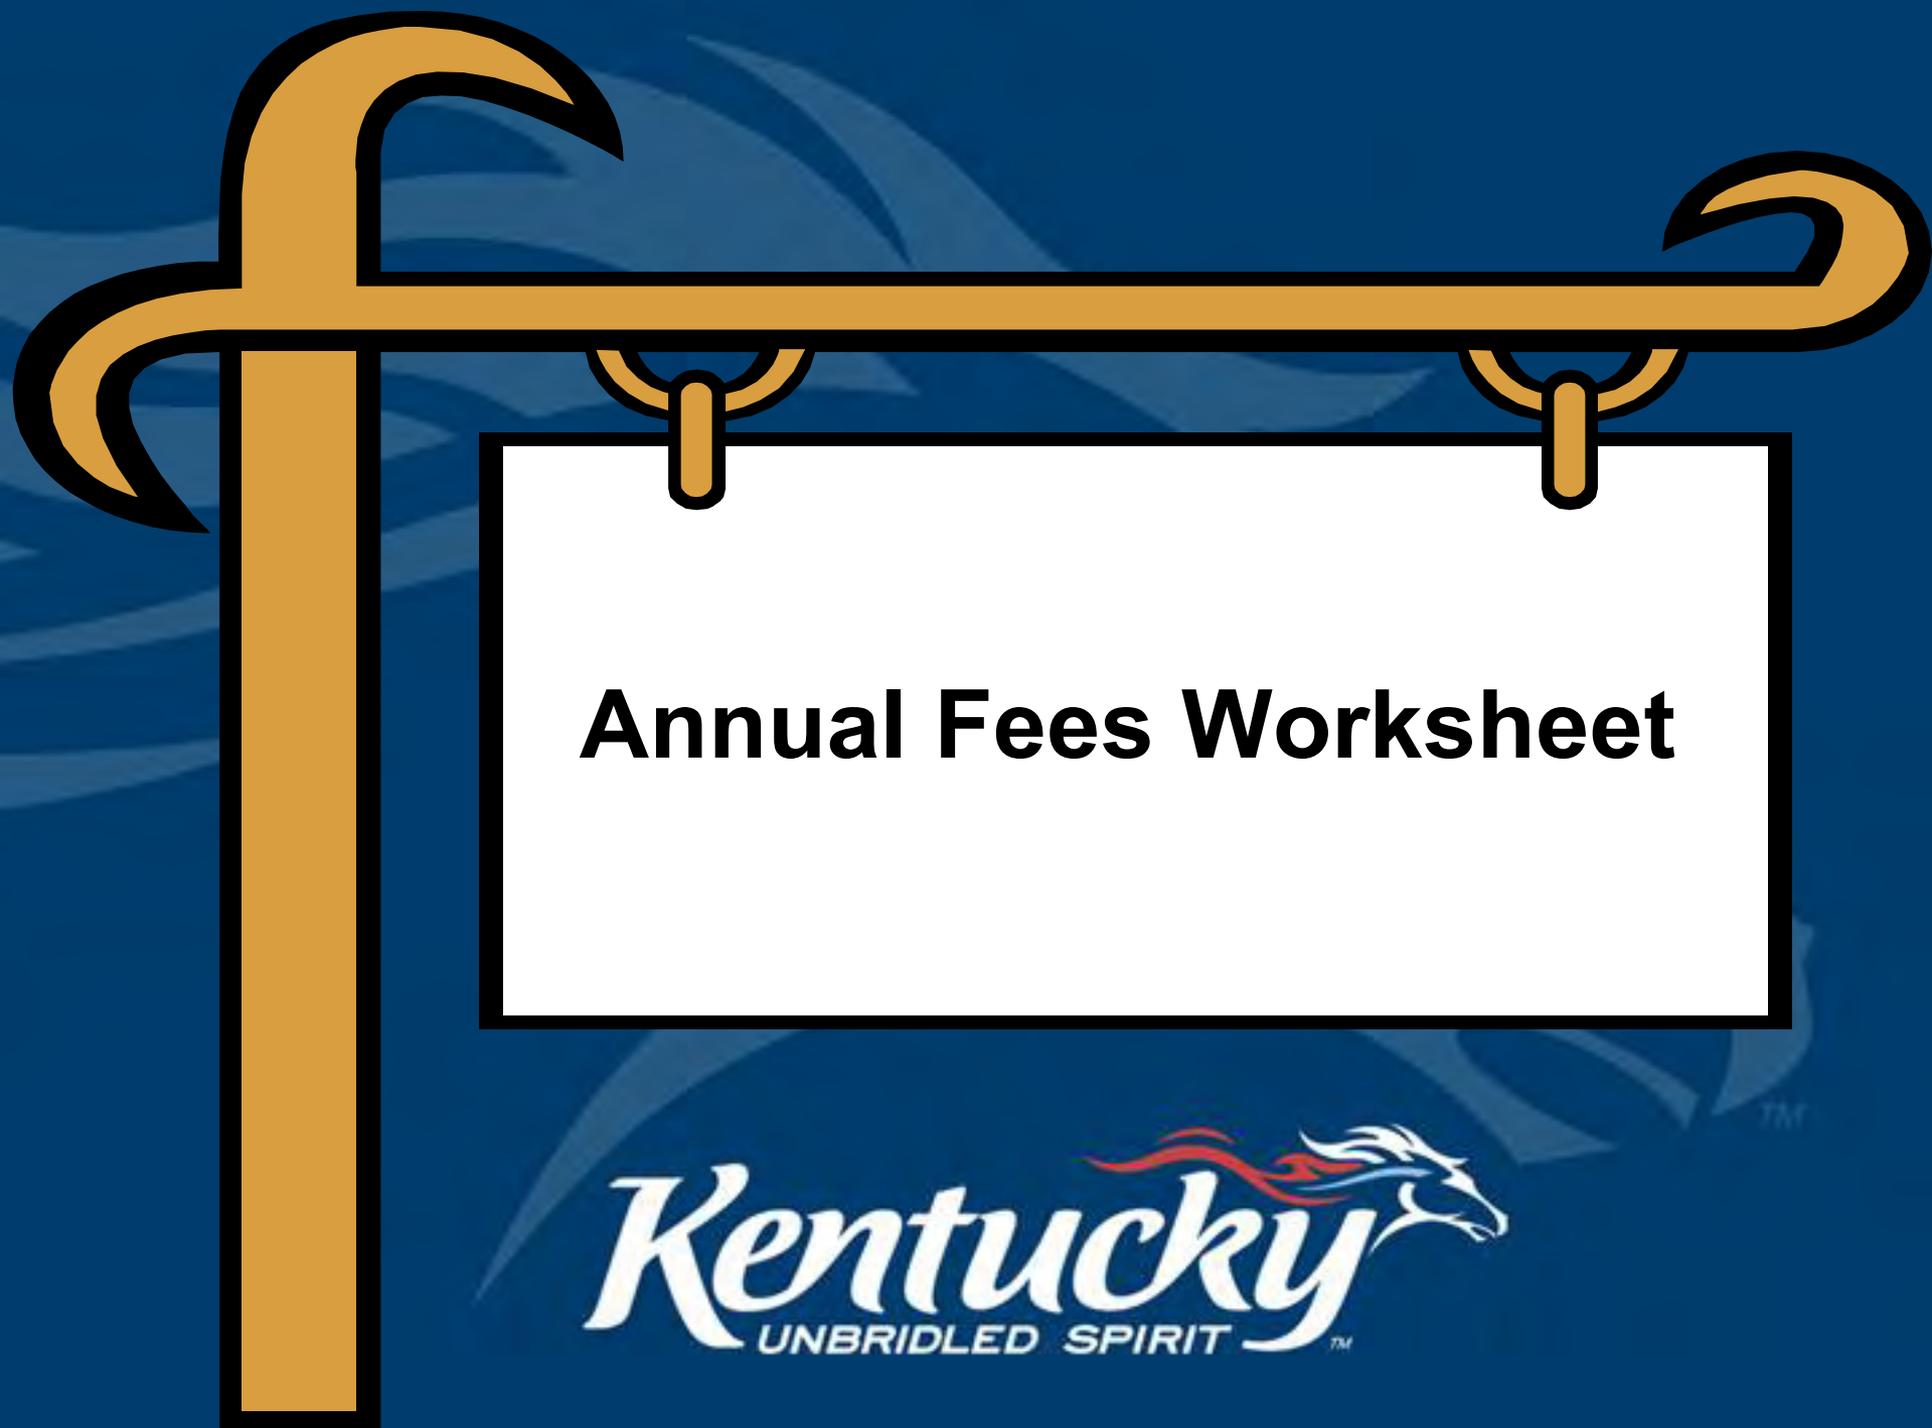

Section 12

Renewal Equivalency of Certification for a Wastewater Laboratory

4. A list of all analytes for which the wastewater laboratory is requesting certification renewal. The list shall include the analyte, reference method, instrument, laboratory minimum reporting limit, method detection limit, and units, identifying changes from the current certification.
5. A successful PT performed by the primary analyst/technician for each method-analyte pairing for which the wastewater laboratory is requesting certification renewal. The PT results shall be submitted to the cabinet directly from the PT provider.
6. The most recent final audit report, including any corrective action plan, and any other information requested by the cabinet to demonstrate compliance with all of the requirements for initial certification pursuant to this administrative regulation.

Annual Fees Worksheet

Kentucky
UNBRIDLED SPIRIT™

Fees

Wastewater Laboratory Name and Address

Laboratory Name	
KY Lab No.	
Mailing Address	
Mailing City, Zip Code	
Physical Address	
Physical City, Zip Code	
County	
Telephone No.	
Fax No.	

Fees

Item	Fee	✓	Amount
Select one of the following Administrative Fee options:			
Commercial Laboratory (plus applicable analysis category fees)	\$1,000	<input type="checkbox"/>	
Wastewater laboratory providing ONLY field analysis for other permitted facilities (must pay Field Analysis ONLY fee)	\$0	<input type="checkbox"/>	
Laboratory operated by a KPDES-permitted facility providing ONLY field analysis for ONLY its own facility (does NOT pay Field Analysis ONLY fee)	\$0	<input type="checkbox"/>	
Laboratory operated by a municipality providing analysis (in addition to field analysis) for ONLY its own facility (plus applicable analysis category fees)	\$1,000	<input type="checkbox"/>	
Select all applicable Analysis Category options:			
Inorganic/General Chemistry	\$500	<input type="checkbox"/>	
Inorganic/Metals	\$500	<input type="checkbox"/>	
Organic Chemistry/Volatiles	\$500	<input type="checkbox"/>	
Organic Chemistry/Semi-Volatiles	\$500	<input type="checkbox"/>	
Organic Chemistry/Pesticides, Herbicides, PCB	\$500	<input type="checkbox"/>	
Organic Chemistry/Dioxins	\$750	<input type="checkbox"/>	
Microbiology	\$500	<input type="checkbox"/>	
Whole Effluent Toxicity	\$1,000	<input type="checkbox"/>	
Field Analysis ONLY	\$250	<input type="checkbox"/>	
Field Analysis in addition to at least one other category	\$0	<input type="checkbox"/>	
Page 1 Subtotal			

Discounts (Fees Worksheet – Page 2)

FEES SUBTOTAL (from page 1)					0
Item	Category	Fee	✓	Sub-total	
Equivalency of certification for a wastewater laboratory	Discount	-20% of Page 1 subtotal	<input type="checkbox"/>	-()	
In-state laboratory that is also certified for drinking water analysis as established in 401 KAR 8:040	Discount	-20% of Page 1 subtotal	<input type="checkbox"/>	-()	
Laboratory operated by a municipality that provides only service for its own facility shall receive the following discounts, based on the maximum permitted million gallons per day (MGD) flow value:					
Less than or equal to 0.10 MGD	Discount	-\$1,000	<input type="checkbox"/>	-()	
Less than or equal to 0.50 MGD but greater than 0.10 MGD	Discount	-\$750	<input type="checkbox"/>	-()	
Less than or equal to 1.0 MGD but greater than 0.5 MGD	Discount	-\$500	<input type="checkbox"/>	-()	
Less than or equal to 2.0 MGD but greater than 1.0 MGD	Discount	-\$250	<input type="checkbox"/>	-()	
Greater than 2.0 MGD	Discount	-\$100	<input type="checkbox"/>	-()	

Penalties (Fees Worksheet – Page 2)

Late application or fee (received after November 15 but on or before December 15)	Penalty	15% of Page 1 subtotal	<input type="text"/>	
Late application or fee (received after December 15)	Penalty	25% of Page 1 subtotal	<input type="text"/>	
Subtract all applicable discounts from the Fee Subtotal as calculated on page 1. Then add any penalty fees, if applicable.			0	
TOTAL AMOUNT OWED FOR ANNUAL CERTIFICATION			0
