Re: Gunpowder Creek Watershed Plan PCR Supplement and TMDL Alternative

Dear Ms. Jacobs:

On behalf of the Gunpowder Creek Watershed Initiative, I am submitting the Gunpowder Creek Watershed Plan PCR Supplement for review. This document was developed in partnership with Sanitation District No. 1 of Northern Kentucky (SD1) and includes input from the Northern Kentucky Health Department. In addition to the supplement, I have included the Kentucky Division of Water and EPA Region 4 approved Gunpowder Creek Watershed Plan and approval letter. All of these documents are included on the enclosed CD.

The Gunpowder Creek Watershed Initiative and associated partners are requesting the review and consideration of these documents as an alternative to a TMDL for the Gunpowder Creek Watershed.

If you have any questions or need additional information, please feel free to contact me or Brooke Shireman, SD1 Environmental Compliance Manager, at bshireman@sd1.org.

Sincerely,

Mark Jacobs
Watershed Project Manager
