Floodplain General Permit Coverage

Permit No. KY FPGP

Agency Interest: **190251**
Activity ID: **APE20260001**

In accordance with KRS 151.250 and KRS 151.260, the Energy and Environment Cabinet extends stream construction coverage under KY FPGP for **culverts & channel modifications in the floodplain of unnamed tributary to North Fork Kentucky River, with coordinates 37.26622, -83.25326, in Perry County.**

Permit KY FPGP is attached to this correspondence for your records. This permit does not require application to the cabinet. **The culverts & channel modifications qualify under section 2.2 15) of the permit.**

The floodplain general permit is issued from the standpoint of stream obstruction only and does not constitute certification of any other aspect of proposed construction. The applicant is liable for any damage resulting from the construction, operation or maintenance of the project and is responsible for obtaining any other permits or licenses required by this cabinet and other state, federal and local agencies.

If this activity will result in a discharge of dredged or fill material into waters of the United States, additional permits may be required from the U.S. Army Corps of Engineers and the Kentucky Division of Water. Examples of discharges include but are not limited to placement of dirt, culverts, rock or pipelines in a stream or wetland. Additionally, Water Quality Certification if the disturbance to an intermittent or solid blue line stream is greater than 200 linear feet. Please contact the Water Quality Certification Section staff at 502/564-3410 for additional information. Also, a storm water control permit may be required if the total surface disturbance is more than 1 (one) acres. Please contact the Surface Water Permits Branch, Storm Water Construction staff at the same number.

If you have any questions regarding this permit, please call Sam McElhannon at 502-782-1479.

Sincerely,

David Coe, P.E., Supervisor
