This survey represents approximate log pricing received at the mill by the logger or individual selling to the mill. This does not represent, imply, or assume pricing for standing timber on your farm or woodland.

Landowners and Farmers Please Note:

In order to make full use of this log pricing data; you should have a cruising report performed by a qualified forester showing species, grade, and footage of the standing timber on your property. Additionally, you must also understand the related expenses in harvesting and transporting timber from your property to the purchasing mill. Farmers and landowners will receive stumpage prices less than those listed in this report by as much as 50% or more in some instances. Costs of logging vary greatly due to access, proximity of the timber to a main road, terrain, distance to the purchasing mill, prevailing conditions, species composition, timber quality, timber size, footage per acre, market species demand, and costs associated with the use of appropriate best management practices (bmps).

Note: all values are expressed for unsawn logs delivered to the mill in dollars per 1000 board feet (mbf) as estimated by the doyle log rule unless otherwise noted.

LOG PRICE SURVEY REGIONS

Kentucky's GROWING GOLD is edited bi-annually and distributed by the Kentucky Division of Forestry for the forest products industry of Kentucky. Its' space is devoted to listings of privately-owned timber for sale that has been marked for cutting, occasional articles and items of interest that have a bearing on the forest industry, and some references to applicable research pamphlets and bulletins dealing with primary problems.

Kentucky's GROWING GOLD is available electronically to those who request it. A call, a note, or a letter with your name, email address, and type of business of interest will place you on the mailing list at no charge. You may also request that GROWING GOLD be sent to your email address by including your mailing address with the information above. GROWING GOLD is available for viewing through the Kentucky Division of Forestry's website: <https://eec.ky.gov/Natural-Resources/Forestry/Pages/default.aspx>
