**TECHNICAL ASSISTANCE:**

Landowners may receive free planning assistance for tree planting projects from the Division of Forestry by contacting the branch office that serves their county. (See map below)

**SEEDLING AVAILABILITY:**

Shortages in planting stock can occur after order processing begins, so please submit your order as soon as possible. Orders are filled on a first-come, first-serve basis until supplies are depleted. If you plan to pick up your seedlings directly from the nursery, you will be notified when your order is ready. Due to possible poor weather conditions, we **cannot guarantee** orders to be ready on a specific date.

All seedlings are inspected prior to shipment. No adjustments or replacements will be made for losses or damage unless reported when seedlings are delivered. Please contact your branch office if problems occur with the delivery of your order.
