

Please complete and return this form for OSMRE reporting purposes.

Project Name

Estimated project completion date

Section 1: Other Funding (*Funding sources can change during the life of a project. Please review and note any needed changes.*)

Previously Reported Other Funding Sources Leveraged		Revised Other Funding Sources Leveraged
	→	

Section 2: Project Partners

Previously Reported Project Partners		Revised Project Partners
	→	

Section 3: Measureable Project Metrics

In Column A, the original projection has been provided for your convenience.
 In Column B, if project design changes have resulted in metric changes, enter the revised projection.
 In Column C, enter total already attained as a result of the grant.
 In Column D, please list when the final metric is expected to be met.

Economic Benefit/Performance Outcome	Column A: Original Projection	Column B: Current Projection	Column C: Attained Total	Column D: Completion Date
<i>Example: Individuals Trained</i>	70	80	50	12/31/2022
Individuals Trained (Total Students)				
Permanent Full Time Jobs Created				
Permanent Full Time Jobs Retained				
Permanent Part Time Jobs Created				
Permanent Part Time Jobs Retained				
Businesses Served				
Households Served				
Individuals Served (ex. Treated)				

Division of Abandoned Mine Lands
 AMLER Grants
 Metrics Assessment

Section 4: Other Measurable Metrics

List any other projected benefits and measures associated with the project not listed in Section 3. This should be consistent with the Application/Vetting metrics.

Economic Benefit/Performance Outcome	Original Projection	Revised Projection	Currently Attained Total	Expected Completion Date

Section 5: Challenges

What challenges developed during the process that have impacted metrics?

Section 6: Community Benefit

Please describe any positive impacts to the community that can be attributed to this project (not listed above). For example, any additional businesses or job growth not funded under this grant.
