This certification is to be utilized by prime contractors and subcontractors who have been awarded contracts funded through Abandoned Mine Lands Program Grant Funds and subject to the Buy America provisions of the Infrastructure Investment and Jobs Act (Pub. L. No 117-27). Buy America provisions state:

- (1) All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
- (2) All manufactured products used in the project are produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard that meets or exceeds this standard has been established under applicable law or regulation for determining the minimum amount of domestic content of the manufactured product; and
- (3) All construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.
