Reclamation and Enforcement

# Reclamation Advisory Memorandum

From: Elmore C. Grim, Commissioner *E.C.G.*  
Subject: Extension of Priority II Technical Submission Date

Date: April 12, 1983

**RAM# 62**

The Division of Permits is extending the deadline for technical data resubmission for Priority II applications (transitioned underground applications which are identified by a priority code beginning with a B and ending with X, N, or P.) Applicants having Priority II applications which have been determined initially complete must submit to the Department a technically complete application on or before July 1, 1983.
