Department for Surface Mining
Reclamation and Enforcement

Reclamation Advisory Memorandum

From: Charles Martin, Acting Commissioner *Cwm*
Subject: Departmental Policies: Withdrawal and Maintenance
of Mining Permit Applications

Date: April 23, 1984

RAM# 78

The following Departmental policies, concerning the handling of mining permit applications, are effective immediately:

1. Should a consulting engineer or other consulting representative wish to temporarily or permanently withdraw a permit application, the Division of Permits or the Regional Office must be provided a notarized statement, signed and dated by an officer or principal official of the mining company, indicating that such withdrawal is authorized and approved.

2. If a mining company wishes to temporarily or permanently withdraw an application, a letter requesting such action, signed and dated by an officer or principal official of the company, must be provided to the Division of Permits or the appropriate Regional Office.

3. In the event a permit application is denied, the original application will be retained by the Division of Permits as part of its permanent records file. Application copies will be returned to the applicant.

Questions related to these policies should be directed to the Division of Permits, Sixth Floor, Capital Plaza Tower, Frankfort, KY 40601, (502) 564-2320.
