Reclamation Advisory Memorandum

From: R. F. Knarr, Commissioner

R.F. Knarr

Date: May 21, 1985

Subject: Regulations Update

RAM# 80

On May 7, 1985, five emergency regulations became effective which amended permit application requirements for hydrology and geology and amended surface and ground water monitoring requirements. These emergency regulations are:

405 KAR 7:020E
405 KAR 8:030E
405 KAR 8:040E
405 KAR 16:110E
405 KAR 18:110E

On May 14, 1985, a new regulation became effective which establishes a Blaster Certification program. Also on that day amendments to the Use of Explosives performance standards became effective. These regulations are:

405 KAR 7:070
405 KAR 16:120
405 KAR 18:120

These regulations are being mailed to all persons on the department's mailing list for updates to regulations. If you are not already on that mailing list and you wish to be included, please contact Patti Porter at (502) 564-6940.
