

Annual Report

Of The

**DEPARTMENT OF
MINES AND MINERALS**

**COMMONWEALTH OF
KENTUCKY**

For the Year Ending
December 31, 2001

BY
Frank X. Delzer, P.E.
Commissioner

1025 Capital Center Drive, Suite 201
P.O. BOX 2244
Frankfort, Kentucky 40602-2244

This publication has been prepared by the Department of Mines and Minerals
and paid for with state funds.

NOTICE

The Department of Mines and Minerals does not discriminate on the basis of disability in the admission or access to, or treatment or employment in, its programs and activities.

Shelley McConkey, P.O. Box 2244, Frankfort, Kentucky 40602 has been designated to coordinate with the non-discrimination requirements contained in section 35.107 of the department of Justice regulations. Information concerning the provisions in section 35.107 of the Americans with Disabilities Act, and the rights provided thereunder, are available from the ADA Coordinator. Please contact Ms. McConkey should you desire this information in an alternative format.

EQUAL EMPLOYMENT OPPORTUNITY STATEMENT

The Department of Mines and Minerals does not discriminate on the basis of race color, national origin, sex, religion, age or disability in employment or the provision of services.

INTRODUCTION

Kentucky coal production for 2001 was 138,215,323 tons which was 6,369,335 tons more than the previous year. In 2001, Kentucky mined 53,107,358 tons of coal by surface operations while 85,107,965 tons were mined underground.

The coal industry furnished direct employment for 19,647 miners. Five were killed in Kentucky coal mine accidents in 2001, which was down from twelve fatalities in the previous year.

The following chart compares production of the various types of coal mines for the past two years:

COAL PRODUCTION IN TONS

TYPE MINE	2001	2000
Rail-Underground.....	22,191,255	18,902,470
Rail-Augur Surface.....	2,211,673	1,741,791
Rail-Augur	0	0
Rail-Surface.....	1,746,347	3,107,261
RAIL TOTALS	26,149,275	23,751,522
Truck-Underground.....	58,082,743	55,750,846
Truck-Augur Surface.....	39,011,456	33,353,275
Truck-Augur	1,028,683	1,578,878
Truck-Surface.....	8,012,891	9,420,679
TRUCK TOTALS	106,135,773	100,103,678
Water-Underground.....	4,833,967	6,846,453
Water-Augur Surface.....	1,096,308	1,144,335
Water-Augur	0	0
Water-Surface.....	0	0
WATER TOTALS.....	5,930,275	7,990,788
ALL MINES	138,215,323	131,845,988

HEADS OF THE DEPARTMENT

1884-1893	C. J. Norwood	Inspector of Mines
1893-1896	C. J. Norwood	Chief Inspector of Mines ¹
1897-1901	G. W. Stone	Chief Inspector of Mines
1902-1919	C. J. Norwood	Chief Inspector of Mines
1920-1923	Lawson Blenkinsopp	Chief Inspector of Mines
1924-1927	W. H. Jones	Chief Inspector of Mines
1928-1934	John F. Daniels	Chief, Department of Mines ²
1934-1939	John F. Daniels	Chief, Department of Mines and Minerals ³
1940-1944	G. M. Patterson	Chief, Department of Mines and Minerals
1945-1947	Harry Thomas	Chief, Department of Mines and Minerals
1948-1955	A. D. Sisk	Chief, Department of Mines and Minerals
1956-1959	James H. Phalan	Chief, Department of Mines and Minerals
1960-1968	A. H. Mandt	Commissioner, Department of Mines and Minerals ⁴
1969-1979	H. N. Kirkpatrick	Commissioner, Department of Mines and Minerals
1979-1990	Willard Stanley	Commissioner, Department of Mines and Minerals
1990-1992	Carl Ankrom	Acting Commissioner, Department of Mines and Minerals
1992-1995	Burl Scott	Commissioner, Department of Mines and Minerals
1995-2001	John L. Franklin	Commissioner, Department of Mines and Minerals
2001	Frank X. Delzer, P.E.	Commissioner, Department of Mines and Minerals

The Kentucky Department of Mines was established in 1884 and offices were located in the State House Building at Frankfort, Kentucky. In May 1898 the Office of the Department of Mines was moved to the University of Kentucky campus at Lexington where it remained until June 1989. Offices were moved to the Energy Administration Building, 3888 Research Park Drive, Lexington, Kentucky. On February 1999 KDMM moved to 1025 Capital Center Drive, Suite 201, Frankfort, Kentucky.

- The Oil and Gas Division of the Department was established by Law July 15, 1960.
- The Explosives and Blasting Division of the Department was established by Law June 16, 1972.
- The Miner Training, Education and Certification Division was established by Law December 22, 1976.
- The Mine Safety Analysis Division was established by Law December 22, 1976.
- ¹ When the Department was established in 1884 the head of the Department was entitled Inspector of Mines. On June 10, 1893, the title was changed to Chief Inspector of Mines.
- ² In 1928 the title was changed to Chief, Department of Mines.
- ³ On July 1, 1934 the Department became known as the Department of Mines and Minerals.
- ⁴ In 1960 the title was changed from Chief to Commissioner.

DIRECTORY AND STATISTICS OF DEPARTMENT OF MINES AND MINERALS

To facilitate the mine inspection duties of the Department, the coal fields have been divided into six inspection districts. A mine rescue station which serves as the district office is centrally located in each district. The Eastern Kentucky coal field is divided into five districts, with mine rescue stations located at Barbourville, Harlan, Hazard, Martin and Pikeville. An office at Madisonville serves the Western Kentucky coal field.

The operations for the district offices are directed from the office of the Commissioner located in Frankfort. General staff and Frankfort office personnel are as follows:

Frank X. Delzer, P.E. Commissioner ¹.
John L. Franklin, Commissioner ².
Kenny Johnson, Deputy Commissioner
Cathy C. Prothro, Executive Secretary Principal
Holly McCoy, Principal Assistant II
William J. Morgan, Chief Examiner
Stephan L. Taylor, General Counsel I ³.
Anthony C. Opegard, General Counsel I ⁴.
Eugene D. Attkisson, Attorney III
Deven Brown, Secretary III
Shelley McConkey, Director of Administrative Services
Pittman Fisher, Assistant Director
Donna Redmon, Administrative Specialist III
Betty Bostick, Personnel Administrative III
Chrissy Gibson, Production Tech II
Franklin Reed, Director of Analyst Division
Lisa Franklin, Internal Policy Analyst II
Ann Young, Executive Secretary
Karen Taylor, Director of Mine Licensing Division
Sarah Estes, Secretary III
Tracy Stumbo, Mine Inspector Chief/Accident Investigator
David Johnson, Mine Inspector Chief/Electrical Inspector
Johnny Greene, Mine Inspector Chief/Accident Investigator ⁵.

See the divisions of Explosives & Blasting, Oil & Gas, and Training & Education for those Frankfort personnel.

1. Appointed 09-16-01
2. Deceased 07-25-01
3. Resigned 04-15-01

4. Appointed 06-16-01
5. Promoted 05-16-01

The Directory and Statistics of Coal Mines contained in the following pages is separated by Inspection Districts and by Counties.

Code letters to classify mines are as follows:

URC	Underground Rail Coal
URWC	Underground Rail Water Coal
UTC	Underground Truck Coal
UWC	Underground Water Coal
ARC	Auger Rail Coal
ASRC	Auger Surface Rail Coal
ASTC	Auger Surface Truck Coal
ASWC	Auger Surface Water Coal
ATC	Auger Truck Coal
AWC	Auger Water Coal
SRC	Surface Rail Coal
STC	Surface Truck Coal
SWC	Surface Water Coal
GSTC	Gob Surface Truck Coal

Notations are made as follows:

A	Abandoned
CC	Change of Company Name only
CO	Change of Operator and Company Name or Operator Name only
*	Estimated Tonnage

Production, employment and accident figures for River mines have been included in the totals for Truck mines for the purpose of compiling some statistical charts.

Many of the coal production figures of individual mines which appear herein have been estimated by the Department. This was necessary because the reports of the operators of those mines, particularly mines which became abandoned during 2001, were delinquent at the time of publication. Some historic tonnage figures have been corrected using computer database error correction.

BARBOURVILLE DISTRICT

There were 66 commercial coal mines in the Barbourville District during 2001. 131 inspections were conducted along with 165 Notices of Noncompliance the Mine Safety and Health Division caused to be corrected. There were 195 Closure Orders. Records show that there were 9 mines abandoned and 38 new mines in the district during the year 2001.

Personnel of the Barbourville District:

Cecil Smith, District Supervisor	Michael Partin, Mine Safety Analyst
Melvin Wagers, Mine Inspector II	Lowell G. Adams, Mine Safety Analyst
Dill Finley, Mine Inspector	Ronald Turner, Mine Inspector
George Hollis, Mine Inspector	Ricky Johnson, Mine Inspector
Herman D. Williamson, Mine Inspector	Ralph Crawford, Mine Safety Analyst
Patricia Lewis, Secretary III	
Connie Arthur, Secretary III	
Larry G. Stump, Mine Safety Analyst

The office and mine rescue station of the Martin District is located in the Coal Building at the Junction of Highways 80 and 122, Martin, Kentucky. The Martin District is comprised of Bath, Boyd, Carter, Elliott, Floyd, Greenup, Johnson, Lawrence, Lewis, Magoffin, Martin, Mason, Menifee, Morgan, Rowan and parts of Breathitt and Knott Counties.

PIKEVILLE DISTRICT

There were 246 commercial coal mines in the Pikeville District during 2001. 306 inspections were conducted, along with 984 Notices of Noncompliance the Mine Safety and Health Division caused to be corrected. There were 417 Closure Orders. Records show that there were 16 mines abandoned and 72 new mines in the district during the year 2001.

Personnel of the Pikeville District:

David Phillips, District Supervisor ¹	Lloyd Woody, Mine Safety Analyst
Michael Elswick, District Supervisor ²	Larry Scott, Mine Safety Analyst
Edmond Ratliff, Mine Inspector II	Teddy Akers, Mine Safety Analyst
Nargrattis Chapman, Mine Inspector	Randy Bentley, Mine Safety Analyst
Don Wallen, Mine Inspector	Glenn Mace, Mine Safety Analyst
Johnny Ratliff, Mine Inspector	Worley Taylor, Mine Inspector
Raymond Slone, Mine Inspector	Gregory Goins, Surface Mine Safety Analyst
Deborah Huffman, Secretary III	Stanley Tackett, Surface Mine Safety Analyst
Billie Sue Huffman, Secretary III	Randy Newsome, Mine Inspector
Frances Adkins, Secretary III	Randy Little, Mine Inspector ⁴
James Brad Fuller, Mine Inspector	
Chester Flint, Mine Inspector	
Jackie Castle, Mine Inspector	
Randal Smith, Mine Inspector ³	

1. Retired 08-31-01
2. Appointed 11-01-01
3. Appointed District Supervisor at Martin Office 11-01-01
4. Appointed 03-16-01

4. Transferred from Martin District Office to Pikeville District Office 09-01-01

TRAINING AND EDUCATION

The Training, Education and Certification Division was established in 1971, with a Federal grant from the Mine Enforcement and Safety Administration now known as the Mine Safety and Health Administration (MSHA). The Division continues to be partially funded with a grant from the U.S. Department of Labor, MSHA, for continued support of the project entitled "Training and Education of Coal Miners, Non-coal Miners, Operators and Agents".

During the year of 2001, our instructors, who are stationed in six district offices located in the eastern and western coalfields, presented 3670 class sessions and trained 14,170 miners from 1,615 mines. A total of 1200 independent contractors were trained from 550 companies. Our instructors offered 30 different subjects and taught 14,130 hours of classroom instruction. In addition, 2,287 hours were spent testing 7,495 miners.

Kentucky coal miners can receive some of their required training from independent trainers located throughout Kentucky. In order to help assure that good quality training is provided, the Department of Mines and Minerals deems it necessary to certify all instructors (KRS 351.120). The total number of instructors certified by the Department after passing all phases of the examination as of December 31, 2001, was 707 Underground Mining Instructors, 119 Electrical Instructors, 362 Surface Instructors and 209 MET Instructors. Of the total, 15 Underground Mining Instructors, 4 Electrical Instructors, 22 Surface Mining Instructors and 10 MET Instructors were certified during 2001.

Mine Safety Review Commission

HISTORY: The Mine Safety Review Commission (MSRC) was created by Executive Order on January 19, 2001. The MSRC was created to conduct hearings for the imposition and enforcement of sanctions against licensees, owners and operators of licensed premises whose intentional violation of, or order to violate, mine safety laws places miners in imminent danger of serious injury or death.

MEMBERS: The MSRC is comprised of 3 part-time Commissioners, each of whom must meet the qualifications of a Court of Appeals Judge. The members are: Bayard V. Collier, Chairman of Pikeville; Charles M. Tackett of Lexington; and William R. Whitley of Madisonville. Each of the commissioners have completed the 40-hour new miner training course, as required by law, and are certified by the Attorney General's office to be administrative hearing officers. Meetings are scheduled on a monthly basis.

ADMINISTRATIVE HEARINGS: Tony Opegard of the Department of Mines and Minerals serves as the prosecutor for the Commission. To date Mr. Opegard has filed 8 complaints. Two of these cases have settled.

MINING BOARD

The Mining Board as provided by House Bill 258, was composed of the following members as of April 10, 2001, appointed by Governor Paul E. Patton:

Phillip Johnson Minerals	Director, Miner Training	Dept. of Mines and	
William Spears April 10, 2003	Representing Management	Term	Expires
Timothy Miller April 10, 2003	Representing Labor	Term	Expires
Paris Charles Expires April 10, 2004	Representing Management	Term	
Edgar Oldham, Jr. Expires April 10, 2004	Representing Labor	Term	
Ben Spears April 10, 2005	Representing Management	Term	Expires
William Chapman April 10, 2005	Representing Labor	Term	Expires
Kenneth Fee, Chairman	Representing Citizen Members	Term	Expires April 10, 2005

The Mining Board was reorganized in April 2001 as an independent agency. The responsibilities of the board involve mine licenses, miner's certificates, the investigation of mine safety violations and to establish criteria for the board to impose sanctions for these violations. The board approves certifications. All examinations for certification as Mine Foreman, Assistant Mine Foreman, Surface Mine Foreman (both extraction and post extraction), Underground Mining Instructor, Surface Mining Instructor, Electrical Instructor, Surface Mine Safety Analyst and Mine Inspector are considered for certification and board members sign grade sheets as proof of their approval. The Director of the Miner Training reports to the board for a vote concerning anyone requesting approval of a new miner-training program. The Chief Accident Investigator reports to the board concerning any other investigation that would be within the board's jurisdiction. The board reviews KRS chapters 351 and 352 and can make recommendations regarding the amendment of those chapters. The board considers and must approve all new administrative regulations or revisions to existing administrative regulations concerning coal mining regulations before the actual administrative regulation is promulgated by KDMM. However, to expedite the process, the Department may file a "notice of intent to promulgate an administrative regulation" without Mining Board approval.

A list of those who successfully completed the required examination for foreman and inspector is shown on the following pages.

Franklin Reed, Director
MINE SAFETY ANALYSIS DIVISION

- Lisa Franklin, Internal Policy Analyst II
- Ann Young, Executive Secretary

The Mine Safety Analysis Division has 28 field personnel under the direct supervision of their respective district supervisor. The primary responsibility of the safety analyst is to prevent underground mine accidents and fatalities by observing and evaluating the work habits of persons involved in the direct production of coal and to contact, advise, and assist these persons on a one-to-one basis, correcting their unsafe or potentially hazardous actions. In 2001, they caused 4,225 unsafe actions or conditions to be corrected.

The program has served the industry well as evidenced by the decrease of underground fatalities since its inception. There were two underground mining fatalities and three fatalities at surface operations during 2001.

The goals of the Mine Safety Analysis program are to further reduce mining accidents by promoting and maintaining safety standards in the Commonwealth's coal mines thus preserving the mining industry's most valuable resource, The Miner.

EXPLOSIVES AND BLASTING DIVISION

During 2001, 76 new General Blaster's Licenses were issued, and 1,173 General Licenses were renewed. In addition, 32 new Limited Blaster's Licenses were issued and 450 Limited Licenses were renewed. There were 169 General Examinations and 29 Limited Examinations given. To obtain a General or Limited Blaster's License, the applicant must pass the prescribed written examination and must have two years of practical blasting experience. Thirty-six training courses were offered at various locations throughout the Commonwealth for both initial training and prescribed re-training. These classes were attended by a total of 417 people. During this year, 83 Blaster Certification Examinations were administered under the Memorandum of Agreement with the Cabinet for Natural Resources and Environmental Protection as mandated by the Federal Office of Surface Mining for surface coal blasters.

Personnel of the Division of Explosives and Blasting

Lawrence C. Schneider, Director.....	Frankfort
Coleman England , Assistant Director.....	Burnside
Douglas Hicks, Explosives & Blasting Inspector/Instructor II.....	Martin
Kenneth Payne, Explosives & Blasting Inspector/Instructor II.....	Barbourville
Carlos Delgado, Explosives & Blasting Inspector/Instructor II.....	Frankfort
Evan Shelby, Explosives & Blasting Inspector/Instructor II.....	Madisonville
Kevin Meade, Explosives & Blasting Inspector/Instructor II.....	Pikeville
Terry Dozer , Explosives & Blasting Inspector/Instructor II.....	Madisonville
Andrew Smith, Explosives & Blasting Inspector/Instructor II.....	Louisville
Sandra Thor , Administrative Specialist, III.....	Frankfort
Jeffrey Reed , Program Coordinator.....	Frankfort

The Division of Explosives and Blasting continued its program of inspection, enforcement, education, and licensing of blasters in 2001. A total of 108 new blaster's licenses were issued during the calendar year 2001. Of these 108 new licenses, 76 were general blaster's licenses, and 32 were limited blaster's licenses. As of December 31, 2001, there were 2,277 individuals holding current and valid Kentucky blaster's licenses. Of these, 1,694 were general licenses, and 583 were limited licenses.

During 2001, over 1.1 billion pounds of commercial explosives were detonated in Kentucky. This quantity represents 19.5 % of the total explosives used in the entire United States. Of this quantity used in the Commonwealth, 99.4 % of the explosives used were in the form of blasting agents or oxidizers. Approximately 1.6 % or 7.7 million pounds were high explosives.

The division conducted nine General Blaster's Training Courses and twenty-seven re-training courses throughout the Commonwealth in 2001. The General Blaster's Classes were attended by 121 people who were primarily applicants for blaster's licenses. The locations and number of attendees in these thirty hours of instruction are listed as follows:

<u>Classes</u>	<u>No. Attending</u>
Barbourville	15
Hazard	5
Hazard	12
Maysville	13
Pikeville	14
Central City	12
Central City	16
Louisville	28
Frankfort	6

These courses cover all aspects of explosives techniques and safety. The purpose of the course is to raise the competency level of the blaster's in the field as well as assist those preparing to take the blaster's examination. The public is better protected and the blaster's work environment is safer when the blaster's ability is enhanced through training.

KRS 351.315 was amended by the 2000 Kentucky Legislature and made some changes in the way a blaster's license is renewed. These provisions, which took effect on July 15, 2000 are as follows:

- (1) The blaster's license renewal will be valid for 3 years and the fee for renewal will be \$60.00 (The actual cost of renewal was unchanged, since previous renewals had been done every year for \$20.00)
- (2) Blasters are required to attend a certain amount of continuing education or training in explosives and blasting related topics in order to renew his or her license. Individuals holding a General Blaster's License must attend at least 16 hours of re-training every three years. Those with a Limited Blaster's license must attend 4 hours of blaster re-training every 3 years.

- (3) Blasters who have a valid Surface Coal Miner's ID Card, are exempt from the blaster re-training provided they complete their annual re-training requirements as surface coal miners and submit proof of this.

Since this new law has come into effect, the Division of Explosives and Blasting has proceeded with re-training licensed blasters. The division has conducted 27 classes throughout the Commonwealth in 2001 and was attended by 296 people who were applicants for re-training. The locations and number of attendees that have been re-trained in the past year are listed as follows:

<u>Re-Training Classes</u>	<u>Attendance</u>
Somerset	31
Bowling Green (3 Classes)	83
Louisville	7
Hazard (3 Classes)	20
Henderson	8
Caneyville	13
Frankfort	1
Pikeville	1
Barbourville (4 Classes)	23
Madisonville	5
Hopkinsville	3
Elizabethtown	19
Brandenburg	9
Hardinsburg	8
Maysville	6
Central City (2 Classes)	5
Glasgow	28
Mt. Sterling	8
Bardstown	18

The Division of Explosives and Blasting has eight Inspectors stationed throughout the Commonwealth to respond to complaints and perform the compliance inspections necessary to ensure that the provisions of KRS 351 and its associated regulations are followed. Each inspector is responsible for an area or region consisting of a number of counties as shown on the attached map.

The Explosives and Blasting Inspectors answer 100% of all public complaints received by this Division. These complaints primarily concern ground vibrations, noise, flyrock, and various other adverse effects of blasting. The inspector's investigation of the complaints involves inspection of the operation generating the complaint, as well as seismic monitoring. During 2001, the Division made 170 such investigations of public complaints and used the seismograph 72 times in order to resolve these complaints.

In addition, the inspectors continue to make routine checks of all blasting operations to ensure compliance with the laws and regulations governing the use of explosives. The Division

inspects not only those companies using explosives, but also companies which manufacture, sell, store, and transport explosives. Forty-one companies, engaged in the sale or distribution of explosives in the Commonwealth, registered with the Division in 2001.

The Division of Explosives and Blasting reviews and issues permits to purchase or receive explosives to coal mines, quarries, construction companies and individuals. As of December 31, 2001, 814 permits to purchase explosives were issued. The explosive storage facilities and transportation methods are inspected, and a background check is conducted through the Kentucky State Police before such a permit is issued.

During the year, the Division has participated in a number of seminars sponsored by other state and federal agencies and educational institutions. It has been the aim to use every opportunity for education of the public and training of blasters in the safe use and associated hazards of explosives. A number of these seminars and conference have been accepted as approved blaster re-training classes.

The number of licensed blasters again showed a decrease this year, continuing a trend that began in 1982 when there were over 4,700 blasters licensed. This drop in the number is due to the increased use of contracted shot service crews provided by the explosive companies, the retirement of licensees who were originally grandfathered into the system, and the more stringent training, testing, and experience requirements and background checks.

OIL AND GAS DIVISION

Rick Bender, Director
Brian C. Gilpin, Assistant Director
Nancy Toombs, Administrative Secretary Sr

OIL AND GAS DIVISION

At the close of 2001, the Oil and Gas Division had 13 field inspectors, 3 field supervisors and 8 employees on its administrative staff.

The Division staff operates a customized Microsoft Sequel Server database on an in-house server. We have developed well history data for each well that can be utilized daily. At present, there were 86,500 wells stored on-line for which we have data relative to the permit, operator, well location, pertinent dates and well completion.

PERMITTING AND WELL TRANSFERS

During the year, the Division issued 1323 new permits primarily for new wells, but also includes permits for the deepening or reopening of existing wells. The top five counties receiving the most permits are in descending order as follows: Pike, Clinton, Letcher, Meade, and Hart. These counties accounted for 37% of the permits issued. Oil and gas operators transferred wells from one operator to another for a total of 1121 wells. There were 317 new bonds posted totaling \$793,500.00. A total of \$242,500.00 was released as a result of proper abandonment or transfer to a successor operator.

Available to the public is a weekly publication of permits issued identifying the permit number, operator name, farm name, county, Carter Coordinates, and target formation. This publication may be obtained on the Internet at the Division Web page: <http://www.caer.uky.edu/kdmm/ong.htm>.

COMPLIANCE AND FORFEITURES

The Division inspectors conducted 2650 inspections throughout 2001, which resulted in 587 violations. Of these, 194 were corrected and cleared, 98 were forfeited, and the remaining is in a pending status of either having been granted an extension, or in the process of forfeiture. The amount of forfeited bonds was \$131,500.00. The Division plugged 126 abandoned wells with funds from the abandoned well plugging fund for a total of \$265,811.42. This

resulted in an average plugging cost for the year of \$2,109.61 per well.

2001 CONSERVATION ACTIVITIES

-GENERAL-

Statistical summaries of the oil and gas activities in Kentucky are as follows:

New Permits Issued	1323
Oil Wells Completed	93
Gas Wells Completed	482
Combination Oil and Gas	6
Misc. Service Wells Completed	7
Oil Wells Reported Plugged	323
Gas Wells Reported Plugged	90
Combination Oil and Gas Wells Plugged	12
Misc. Service Wells Plugged	13
Dry Holes Plugged	131
Total Wells Plugged	569
Wells Reported Plugged With No Known Completion	0

STATUS OF KENTUCKY OIL AND GAS WELLS (12-31-01)

	Oil	Gas	Comb.	Service	Totals
Total Producing Wells on 1/1/01	29,291	14,870	573	2,387	47,121
New Wells Added in 2001	93	482	6	7	588
Existing Wells Added in 2001	38	102	2	(1)	141
Less Wells Plugged in 2001	323	90	12	13	438
New Totals 12/31/01	29,099	15,364	569	2,380	47,412

Discrepancies from previous year reports are due to reclassification by inspections and addition of existing wells to database.
